VOLUME 92—NUMBER 20

BERLIN'S REPLY TO POPE'S PLAN IS NOT RECEIVED

German Reports Said It
Had Been Sent Two
Days Ago

ENTENTE NOTE DELAYED
AWAITING SOME FACTS

Teutonic Answer Will Not
Contain Specific Mention
of Belgium

(ASSOCIATED PRESS TELEGRAM)
Rome, Wednesday, Sept. 19.—Cardinal Gasparri, the papal secretary of state tonight declared to the Association Press that the reply of the central powers to Pope Benedict's peace proposals had not yet been received at the Vatican. This is taken to prove that the statement recently published to the effect that the reply had left Berlin on Saturday is untrue, as otherwise, even admitting a delay of one day in Switzerland the document should have arrived in Rome Tuesday night or this morning.

Cardinal Gasparri believes that the reply of the central powers was held up when Emperor William went to Riga and that it is not likely that it will reach the Vatican until next week.

The reply of the entente allies to the pope's peace proposals must necessarily arrive after that of the central powers because Great Britain before the compilation of the entente note asked for some information from the Vatican which in turn applied for it to the central powers which notified the Holy See that the explanations asked for would be contained in their own reply to the papal note. On these explanations therefore the answer of the entente allies, or at least that of Great Britain will depend.

BERLIN NOT MENTIONED.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Wednesday, Sept. 19, via London, Sept. 20.—While the text of the German reply to Pope Benedict's peace proposal will not be announced before Saturday the Berlin press and parliamentary circles are making the prediction that the reply will not contain specific declarations concerning Belgium, the fate of that country just now is calling forth excessive pan-German frothing due to recurrent rumors that the government had definitely decided to abandon all intentions of permanent control in the occupied Belgian territory.

While these reports are said to have been in the allied trial balloon sent out by England, they equally carry marks of an obvious artificial inspiration for the purpose of supporting the annexation campaign.

Official quarters today were absolutely non-communicative on the subject of the German answer outside of admitting it will be delivered to the papal delegate at Munich tomorrow. The impression prevailing here is that the subject of Belgium is a taboo. This consideration (Continued on Page 11, Col. 2.)

SUFFRAGISTS STILL HAVE CHANCE FOR VICTORY OVER ANTIS

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Sept. 20.—Suffragists today have a chance to kill the referendum on the Reynolds suffrage act granting to women the right to vote for president. If they fail the question will go back to voters in the November election.

In a decision yesterday, Common Pleas Judge Rathmell decided against suffragists in every contention, except one, in a suit recently filed by them. In their contention that there was no sufficient number of signatures on part of the petitions involving 17,000 women, they will have a chance to introduce evidence today.

An injunction, sought by the suffragists, according to Judge Rathmell, will depend on proper proof of the invalidity of the alleged certification of the 23 counties in question, provided there is not a sufficient number of signatures remaining properly certified, from a sufficient number of counties to authorize submission of the act to electors.

SEND HOME PAPER TO SOLDIERS

For the next ten days The Advocate will accept orders for delivery of this newspaper daily by mail to the soldier boys at the rate of 25 cents a month. The address may be changed as often as necessary and the home paper will follow the soldiers to France. The Advocate is like a daily letter from home to the boys in camp. Many of the Licking county boys now at the Chillicothe, Montgomery, Ala., Indianapolis and New York camps are receiving Advocates every day through the courtesy of friends or relatives back home. It is a little thing to do—it costs less than a penny a day—but it is the little things that count. Ask the boys who are home on furlough if they think to receive the home newspapers. Now, while you think of it, send an order to The Advocate to start the paper daily to that soldier or sailor boy who is in the service. The rate up to October 1st will be 25 cents the month for the paper by mail.

PORTUGUESE VESSEL WRECKED IN STORM

(ASSOCIATED PRESS TELEGRAM)
An Atlantic Port, Sept. 20.—An Italian steamer in port today reports having picked up at sea on Sept. 3 five seamen from the Portuguese schooner Undine which was wrecked in a hurricane while bound from a Gulf port to Europe with a cargo of sulphur and other products. The sailors were in an exhausted condition.

CHINA WILLING TO SEND 300,000 MEN TO WESTERN FRONT

(ASSOCIATED PRESS TELEGRAM)
Peking, Saturday, Sept. 15.—(Delayed) — Announcement was made in government financial circles today that the Chinese cabinet provided the entente powers approved, was willing to send 300,000 soldiers to France in compliance with the French request.

ENACT 11 BILLION WAR CREDIT BILL AT FRIDAY SESSION

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 20.—The conference report on the \$11,000,000,000 credits bill was adopted today by the senate without a roll-call. Approval by the house and final enactment is expected tomorrow.

PHILADELPHIA MAN KILLED BY TORPEDO FROM SUBMARINE

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 20.—Harry Shinn of Philadelphia, an American citizen, was blown to pieces when a torpedo fired by a German submarine hit a British ship. Two British subjects were killed at the same time.

NO STUDY OF GERMAN IN HAMILTON SCHOOLS

(ASSOCIATED PRESS TELEGRAM)
Hamilton, O., Sept. 20.—Superintendent Darrel Joyce, of the public schools, announced that there will be no study of German in the public schools, except in the high school. Only 62 pupils signified a desire to study German in the grade schools and the superintendent considered this number too small for the employment of a special teacher, and so ordered the study abandoned. Last year there were four classes in German in the grade schools.

WANT PHARMACEUTICAL CORPS IN FEDERAL ARMY

Cleveland, O., Sept. 20.—Resolutions drawn up in the nineteenth annual convention of the National Association of Retail Druggists of America in session here, will be up for debate and final vote today before the 3000 delegates.

TWO U. S. SOLDIERS DIE AT ARMY CAMP IN FRANCE

Washington, Sept. 20.—The death of two members of the American expeditionary forces is announced in dispatches to the war department. Myron Bertman of North Vernon, Ind., captain of engineers, died Tuesday as the result of a tumor and Edmund Squire, a butcher, died of pneumonia, Sunday.

COAL MINES CLOSED.

Clarksburg, W. Va., Sept. 20.—Twenty-five coal mines in this vicinity have been compelled to close within a week because the operators were unable to mine and market coal for \$2 a ton, the price fixed by the government, according to a statement issued here today by Daniel Howard, a leading operator.

KERENSKY AT FUNERAL OF COSSACKS WHO DIED DEFENDING GOVERNMENT

This photo, which has just arrived in America, shows Premier Kerensky in uniform with other ministers watching the funeral of several Cossacks who were killed defending the government. The scene was taken in the streets of Petrograd.

Veterans of 1861 Honorary Escort for the Departing Recruits for National Army

Newark and Licking county citizens paid just tribute today to the 136 members of the selective army who left this afternoon at 2:05 o'clock over the Baltimore & Ohio railroad for Camp Sherman at Chillicothe, where they will remain under instructions until assigned to commands and afterwards sent to the front. It is problematical how long they may remain at Chillicothe, perhaps until the first of the year or until the spring.

The demonstration which preceded the departure of the soldier boys was one which will be remembered by the growing generation for years to come and will go down into county history as one of the largest and most demonstrative of any which has ever taken place in the county. The parade was one of the best ever witnessed in the city, and the seething mass of humanity which packed the court house park and public square proved the patriotism of each and every person who participated. There were infants in arms, youngsters of all ages and then scores who had passed the allotted age of man. All were intent on securing a last glimpse of the young soldiers, all of whom will give a good account of themselves if ever called upon to face the enemy.

The formation of the parade took place at 12 o'clock in front of the Soldiers Memorial Hall in North Second street, and was under the direction of Capt. W. C. Miller, grand marshal and his aids, E. C. Wright

and Sylvester Beadle. The parade formed as follows:

Chief James Sheridan and Police Squad.
Buckeye Band.
Newark members Selective Army.
County members Selective Army.
Co. B Old Guard and Drum Corps.
Woman's Relief Corps.
Grand Army Republic.
United Veterans Legion.
Confederate Veterans in uniform.
Daughters of Veterans.
Sons of Veterans.
Spanish War Veterans.
Members Elk Lodge.
Rotary Club.
Newark Trades and Labor Assembly.

Glassworkers.
Knights of Columbus.
Knights of Pythias Drum Corps.
Uniform Rank K. of P.
Members K. P. Lodges.
Masonic Lodges.
Team Modern Woodmen.
Loyal Order of Moose Team.
Members Moose Lodge.
Licking Aerie Eagles.
Hesley Mould Makers.
High School Boys.
Public School Girls.
Girls Carrying large flag.
Girls carrying American, English and French flags.

Decorated trucks and automobiles.
Members of all marching bodies carried American flags and the parade presented an inspiring sight as it moved along North Park Place,

South Third and up Church street to Fourth, thence south to West Main, and then east to the courthouse park.

A large platform had been arranged on a truck and the exercises took place from the south steps of the courthouse. Hon. A. S. Mitchell, chairman of the executive committee, presided and introduced the speakers. The invocation was pronounced by Rev. Calvin G. Hazlett, after which Rev. E. K. Morrow was introduced as the first orator, and he delivered a most excellent address.

Mrs. C. W. Miller and Mrs. John Carroll then led the song, "Battle Hymn of the Republic," the audience joining, after which Hon. B. F. McDonald was introduced by Chairman Mitchell. He had just fairly reached the theme of his talk when rain began falling, and it was necessary to abandon the remainder of the program.

The parade reformed and marched to the Baltimore & Ohio station where the Licking county medals were presented the soldiers by C. H. Spencer of The Advocate. The medals were the gift of contributors from all over the county, and will be a reminder that they are not forgotten by the folks back home.

Chairman Fletcher S. Scott, of the lunch committee, then distributed the lunch boxes, each boy receiving a generous portion of fried chicken. (Continued on Page 2, Col. 1.)

AMERICANS GET FRENCH CROSS FOR SERVICE AT VERDUN

(ASSOCIATED PRESS TELEGRAM)
American Headquarters in France, Wednesday, Sept. 19. (By The Associated Press).—Brigadier General George B. Duncan, and Major Campbell King are the first American officers to receive the war cross in the French awards growing out of American participation in the recent Verdun offensive when they acted as observation officers in forward artillery posts. Whether the officers will be permitted to accept the decoration is not known.

The citation for General Duncan reads: "He assisted our forces under circumstances of extreme danger during a very violent bombardment at Verdun. A piece of shrapnel struck the steel hat of the officer."

Major King also visited the forward dressing stations.

CONGRESS MUST ACT.

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 20.—Congressional authority must be obtained before any American army officer or soldier can accept a decoration from a foreign government. The traditional policy of the United States has been to permit no in any branch of its service to receive foreign decorations. Whether this will be altered now that Americans are fighting on foreign soil with foreign allies has not been determined, although there are many officials and members of congress who believe that there should be no change.

CONFIDENCE OF SWEDEN ABUSED; PROTEST IS FILED

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 20.—A Stockholm dispatch to Reuters, Limited, says that the Swedish minister at Berlin has been instructed to protest to Germany against the Luxemburg incident, it being "confirmed that German officials seriously abused the confidence of Sweden."

SEN. WILLIAMS IN COLUMBUS; WILL ADDRESS THE ELKS

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Sept. 20.—Senator John Sharp Williams of Mississippi, arrived in this city this morning from Washington, accompanied by Senator Warren G. Harding. Senator Williams will speak today before the Ohio Elks, in convention here. His address will be patriotic in character.

Initiation of class of candidates formed part of the entertainment last night for visiting Elks. Grand Exalted Ruler Fred Harper of Lynchburg, Va., is here for the reunion of the state association.

EMPLOYEES GET INCREASE.

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 20.—The United States Steel corporation today announced a 10 per cent. advance in the wage of its workers to take effect October 1.

POSTAGE SECTION OF TAX BILL STILL CAUSE OF DELAY

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 20.—Conferees on the war tax bill today again undertook to reach an agreement on the postage section with the situation still complicated because of the senate conferees' refusal to approve finally the tentative agreement to accept a limited zone system on second-class mail rates. Their attitude on the subject caused heated discussions at yesterday's conference.

When the conferees met today both sides were standing pat on their respective positions, house members for a general zone system and senate members for no increase greater than a quarter of a cent a pound in the present 1-cent rate.

Little progress was made to yesterday, owing to wrangles over the second-class mail rates, excess profits and the "leak" in the conferees' deliberations. One result is that a complete agreement may not be reached before next week and another is to make liable to exclusion from further conferences any conferee who divulges information concerning the work of the conferees.

VALUABLE CARGO LOST.

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 20.—A Melbourne dispatch to Reuters, Limited, says that the British steamer Port Kembla, which was sunk by an explosion near Cape Farewell, New Zealand, carried no passengers, but a valuable cargo. The explosion blew out almost one side of the steamer and she sank in 20 minutes.

BITTER FIGHT MARKS NEW ATTACK BY THE BRITISH ON BELGIAN BATTLE FRONT

Troops Accomplish Most Important Achievement of Recent Months if Positions Taken Are Maintained—Drive Launched East of Ypres

WHOLE NESTS MACHINE GUNS OCCUPY EVERY ELEVATION AND CLUMP WOOD

British Barrage Swept Country Like a Broom But German Infantry Resisted Desperately to Retain Positions Against Which Attack Was Launched—Regarded As Vital to Whole Belgian Front—Artillery Fire On Both Sides Is Heavy—Rain Preceded Battle—Defenders Unable to Locate Scene of Attack, Though They Knew It Was Coming

(ASSOCIATED PRESS TELEGRAM)
London, Sept. 20.—The British forces on the Belgian front attacked the German positions at 5:40 o'clock this morning east of Ypres. Field Marshal Haig reports that satisfactory progress was made and that the British already have captured some valuable positions.

(ASSOCIATED PRESS TELEGRAM)
Berlin, Sept. 20, Via London.—A formidable drum fire in the Flanders front early this morning, reports the German headquarters staff, was followed at daybreak by strong English attacks on a broad front, says an official statement issued this morning.

ATTACK HIGHLY SUCCESSFUL

(ASSOCIATED PRESS TELEGRAM)
British Headquarters in France and Belgium, Sept. 20.—Field Marshal Haig's offensive which was begun at dawn this morning on the Belgian battle front is proceeding with marked success, especially in the crucial sector between the Ypres-Roulers railway and Holbeke.

A bitter fight is in progress in the neighborhood of Inverness Copse, Nunn wood and Glencorse wood. If the attacks maintain the position to which they have advanced in this section they have accomplished one of the most remarkable and most important achievements in recent months.

Today's offensive will be known as the battle of the Menin road. Fine weather had improved the ground but the mud still was deep and the whole territory covered with water filled shell holes, tangled barbed wire and shattered trees. The German defenses were composed largely of concrete redoubts.

The Germans poured a wicked stream of bullets into the ranks of the advancing troops from concrete redoubts. Every little elevation and all the woods were choked with rapid fire guns.

The British encountered hard fighting at many places but their magnificent artillery work has done much to make the first stage of their drive easier.

The German infantry is making a most determined resistance to retain this vital ground and the Teuton artillery is retaliating heavily against the British guns.

The British barrage swept the country like a broom. The Germans knew the attack was coming but were unaware of its exact locality.

There was a light rain last night but the weather cleared this morning and the visibility is improving.

ATTACK FOLLOWED PAUSE.

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 20.—Early this morning the British infantry "went over the top" on a wide front east of Ypres and the Flanders offensive was on again.

The rush evidently was successful at the outset for the capture of positions of value were reported by friend Marshal Sir Douglas Haig, during the forenoon and the progress made was described as satisfactory.

The renewal of the offensive came after a long pause in which intensive preparatory work had been carried on unceasingly. The fighting in this period, indeed, was such as to pile up heavy casualties on both sides, while the crushing drum fire from the British guns had been admitted by the Germans to have had a destructive effect upon their positions.

Early reports did not outline definitely the extent of the front attacked but a clew seems to have been furnished by Berlin, which yesterday reported the drum fire to be pounding the line from Houthout wood, some five miles south of Dix.

(Continued on Page 2, Col. 4.)

76TH SURVIVORS HURRY BUSINESS TO TAKE PART IN PARADE FOR NEW SOLDIERS

As the veterans of the 76th Regiment, O. V. V. I., fought again in retrospect the battles of the Civil war, the youths of the city were preparing their baggage, picturing in anticipation the battles to come the first step toward which is their leaving today for the cantonment. So in kindly union were linked the veterans of the past wars and the future war on a day which will be history in Newark, and which marks the annual reunion of the 76th Regiment, which is being held at Memorial Hall.

A number of veterans—many of them in advanced years—are attending from other cities and occupying the rostrum as guests of honor are three veterans of the Confederate army: Colonel J. W. Worrell of Company A, 18th Virginia Garibaldi Brigade, Picketts' division; Captain N. J. Kidwell, Company B, 8th Virginia, and Sergeant John Levy of the 3d Georgia Infantry.

President Marion Chrisman is presiding at the reunion, and following a short business session, the following officers were elected:

President—Marion Chrisman.
Vice President—David Davis.
Assistant Secretary—Clifford Rosebrough.
Chaplain—Joseph Scott, Granville, for life.
Following the election of officers, Henry Dibble of Company B, Canal Winchester, gave an interesting address which was filled with reminiscences.

Following the talk of Mr. Dibble, adjournment was made for an early dinner in order to permit the members of the organization to participate in the big parade planned in honor of the draft men who left at 1:45 for the cantonment at Chillicothe.

Two Cordial Letters.
General Gibbons sent the following letter to President Chrisman from Bauxite, Ark.:
My Friend and Comrade: I beg to acknowledge receipt of your letter of the 30th ult., enclosing badge of the 40th Annual Reunion of the Ohio O. V. V. I. I also acknowledge receipt of card of invitation to attend this Reunion. I am enclosing separate sheet the address of other comrades and ladies who attended me when I visited you at your last annual reunion.
I thank you very much indeed for the thoughtfulness and patriotic sentiment and love and comradeship expressed in this beautiful badge of the United States Flag on gray. I do not know who originated the idea, but it was certainly a unique one and expresses patriotism that will touch the heart of every Confederate Veteran receiving one.
Nothing would give our party greater pleasure I am sure, than attending again the Reunion of the 76th Ohio. Our friends still speak of the joyous time we had with you, when we met, and it is our intention, if we get our party together to have a meeting on the 20th or 21st, in memory of the happy occasion of a year ago.
I was sorry indeed that you and all your comrades were not present at our Reunion in Washington. It was probably the greatest Reunion that we have ever had. I am enclosing under separate cover a card of invitation to our next reunion. (Continued on Page 12, Col. 1.)

SOCIALISTS CAUSE RUSS GOVERNMENT MUCH UNEASINESS

(ASSOCIATED PRESS TELEGRAM)

Petrograd, Wednesday, Sept. 19.—The growing supremacy of the bolshevik element in the councils of the soldiers' and workmen's delegates here and at Moscow, their radical programs eliminating all property-owning classes from a voice in the government, is a development which is causing great concern. The resignation of the executive committee of the council—Tcherze, Skobeleff, Tcherzeff and Tcherneff and others—came as a direct result of the adoption on September 13 by a large majority of a resolution committing the soldiers' and workmen's delegates to an ultra-socialist line of conduct.

Further to verify the temper of the council, and in view of the fact that there were many absentees at the time of the adoption of the program in question, the retiring members of the executive committee will offer themselves for re-election at the coming meeting, making efforts in the meantime to ensure a full attendance.

It is significant that Moscow council of soldiers' and workmen's delegates yesterday also adopted a program along virtually the same lines as that of the Petrograd council by the vote of 355 against 252, and demanded the resignation of the government commissioner, Kishkin, who is a Constitutional Democrat.

The Petrograd executive committee in announcing their resignation declared themselves out of sympathy with the program.

Avskentseff, a Social Democrat, according to reports, may withdraw their resignations later. Premier Kerensky is still at Mohilev, but is keeping in close touch with the situation. The government is optimistic over the results of the conference between Premier Kerensky and army leaders and considers the Kaledines incident closed.

Among the chief features of the program of the Moscow council of soldiers' and workmen's delegates are the abolishment of private property in land remuneration, workmen's control, over-production and distribution, nationalization of the chief branches of industry, avoiding all secret treaties, proposing to all belligerents again democratic peace and the arming of workmen.

VETERANS OF '61 HONORARY ESCORT FOR THE DEPARTING RECRUITS FOR NEW ARMY

(Continued From Page 1)

hard-boiled eggs, sandwiches, sweet pickles, peaches, and other good things. There was enough luncheon left to send a big box full to the other Licking county boys at the Chillicothe cantonment and it was taken along on the train.

Shortly after 1:45 the train pulled in and then came a scene that will long be remembered—the final parting of Uncle Sam's boys and their relatives, friends and sweethearts. Fond goodbyes were said, a parting and a tearful farewell, and the train rolled away to Columbus where it will transfer the cars to the Norfolk & Western Railroad and arrive at Camp Sherman some time this evening.

Stores and offices all over the city closed from 12 until 2 o'clock this afternoon and a number of the factories closed for the day. Moving pictures were taken of the parade and of the crowd in front of the courthouse by Photographer F. A. Seeliger of the Gaumont Weekly News service, for Manager Geo. M. Fenberg of the Auditorium. They

ADVOCATE BY MAIL

\$3 YEAR OCT. 1ST

Beginning October 1st, 1917, the mail subscription rate for The Advocate will be as follows:

One month \$1.00
Three months \$1.75
Six months \$2.50
One year \$3.00

All mail subscriptions are payable strictly in advance and names are taken from the mailing list at the expiration of subscription. Up to October 1st, The Advocate will accept mail subscriptions at the rate of 25 cents a month or \$2.50 a year, but beginning October 1st the new schedule will be in effect.

will be finished Wednesday, October 3, and will be shipped direct to this city. Other towns and villages in the county will also have the opportunity of seeing the demonstration on the screen.

Six alternates were used when the drafted men left at noon today for Chillicothe. Three of the men selected on this contingent did not have their names certified back from Columbus—Carl Handel, Fred T. Howell and Frank O'Shaughnessy—one, David Loar, was exempted by the local board, and yesterday at roll-call, two foreigners—Teofon Vatez and Phillip Cassali—did not respond to roll-call and their places will be filled by Louis Whetzel Jones and Oren J. Stiekie, if the men are not located by the time the party leaves the city.

Two men—Tomas Naki and Guy Good—are prisoners at the city prison. Naki was arrested as he was leaving the city intending to return to the old country, and Good has been incarcerated since he "argued" with the mayor over the imposing of a sentence. However both men have been turned over to the draft board and will leave with them.

Police Chief Sheridan this morning brought in Treston Vidonoff, who had been accepted by the draft board, but who had left the city and gone to Lorain, O. He arrived in Newark last night, but was not present at roll-call. He was found in a

West Main street rooming house this morning and was turned over to the local draft board and will accompany the soldiers to Camp Sherman this afternoon.

SIX THOUSAND MEN FOR SELECTIVE ARMY IN CAMP

(ASSOCIATED PRESS TELEGRAM)

Camp Sherman, Chillicothe, O. Sept. 20.—Chillicothe, with a few more than 1000 selective draft soldiers, leads the list of today's contingent of in-coming citizen soldiers. Two thousand six hundred other from Newark, Hamilton, Youngs town, and twenty-two counties of the state will swell the military population of Camp Sherman to nearly 10,000 men before midnight tonight including only men of the new national army and no officers.

Schedules in the hands of receiving officers today called for de training the following quotas:

Cities—Chillicothe, board 1, 98; Board 2, 85; board 3, 108; board 4, 104; board 5, 78; board 6, 97; board 7, 155; board 8, 109; board 10, 93; Hamilton, 162; Newark, 74; Youngs town, board 2, 156; board 3, 238.

Counties—Belmont, 355; Butler, 104; Brown, 39; Clermont, 60; Clinton, 41; Columbiana, 170; Geauga, 37; Guernsey, 142; Hamilton, 259; Highland, 61; Knox, 16; Licking, 62; Medina, 52; Morgan, 4; Muskingum, 68; Noble, 53; Portage, 64; Preble, 60; Richland, 14; Stark, board 1, 101; Tuscarawas, board 1, 107; Washington, 75.

While receiving officers were busily engaged in this work those in the quartermaster and supply departments were bending every energy to get more equipment. One of the surprises yesterday was a contingent of 9000 overcoats, not expected so soon. Officers believe the shipment will mean more attention to getting complete uniforms to the newly-drafted men. From past experiences it may be 10 days or two weeks before the majority get clothing.

The increased population will soon mean heavy demands upon laundry, bakery and refrigerating plants that compose a part of the military post here. It has not been decided whether the laundry, with a capacity equivalent that of all laundries in Chillicothe will be operated by the government or let as a concession to experienced laundry people.

If the government operates the laundry, Lieutenant R. U. Knauss of Columbus, experienced in that work, will be manager.

It is the plan to reduce laundry expenses of enlisted men to one dollar or less each month. The capacity will permit handling of one week's laundry for each one of the 45,000 men in camp and uniforms can be cleaned as a part of each men's bundle.

The bakery will be operated by the government, but if satisfactory arrangements can be made, the refrigerating plant will be handled as a concession by an outsider, otherwise by the government. If operated as a concession, civilians will do the work.

The Third regiment, Ohio National Guard, was moving out of barracks into the canvas camp today. Instead of locating the 1400 guardsmen a mile east they have been given a site a quarter of a mile west of the quarters they have occupied.

There is not going to be great heaps of rubbish from Camp Sherman's population of 43,000 men despite any housewife's declaration that "men can muck up things so." The first thing the embryo soldiers have to do in the morning is to "police" camp. That means picking up scraps of paper, burned matches and other litter.

Now the government is figuring with several big private concerns on the disposal of tin cans. There will be thousands upon thousands of them emptied of food stuffs here this winter. The proposition is to turn them over to a private concern, which will conserve all the metal possible. It will rid the cantonment of this troublesome rubbish and at the same time bring back some revenue and conserve a quantity of useful metal.

There won't be any socks to mend at Camp Sherman, ladies! And there will be approximately 43,000 men in camp by November 1, too!

The reason? Uncle Sam won't permit his soldiers to wear mended socks. Mended socks and socks with holes in them must be thrown away immediately because they injure the feet. A soldier with darned socks can't march as well as his comrades. That's why Uncle Sam would rather buy new socks for his troopers than have them wear old socks.

The army shoe is some shoe, vote the Ohio drafted men who are learning to be soldiers at the big military training camp here. But it took some time to convince the rookies that Uncle Sam knew what he was about when he prescribed them.

It was some while the new men gave vent to when they began trying on their first army shoes.

"Nothing doing—I'm not going to wear that thing," was not an uncommon declaration. "Why, I could crawl in it, it is so big."

In some instances the men got the army shoes only because they obeyed orders and accepted them. Now they know the whys and wherefores.

Eight hours a day of drill such as

With Draft Story

the men are getting now means lots of hard work on the feet. There are no nice smooth walks, nor even board walks for these soldiers in the National army. The new soldiers soon found that there is not an ache or pain in the army shoe. The sole is flexible and broad and as long as it fits the instep, the men can rest assured that the one big trouble of a new comer in the army gait—foot trouble—is to be escaped. The first arrivals didn't get shoes right away so now they are appreciating the discovery of Dr. Hunsom, who designed the army boot.

EXTENSIVE PREPARATIONS.

(ASSOCIATED PRESS TELEGRAM)

Washington, Sept. 20.—The influx of men for the national army continued at sixteen cantonments today, but reports to the war department indicated that the greater part of the 300,000 called to the colors yesterday already have arrived.

From the time the men left home extensive preparations were seen. Provided with special trains the various quotas converged toward the mobilization points over a clear right-of-way. At many railroad stations, mercy organizations were on hand to furnish lunches to the men. The work of receiving the prospective soldiers at the cantonments was accomplished smoothly and swiftly.

The men were assigned to quarters in the model military cities erected by the government and then were partially equipped. The next step will be their examination by military physicians and organization into provisional companies for administrative purposes.

BITTER FIGHT MARKS NEW

ATTACK BY BRITISH ON BELGIAN BATTLE FRONT

(Continued From Page 1.)

mude, to the river Lys, a distance of about 15 miles.

This would indicate that the main force of the drive was directed toward Roulers and Courtrai, with the probable object of driving a wedge further into the German Flanders front and eventually compelling a German abandonment of the Belgian coast, with its valuable submarine and aerial bases. The civilian population is recently reported to have been removed from towns in the German rear along a wide stretch of this front, including two cities named.

The Flanders operations were opened this year with the blowing up of the Messines ridge on June 7 and the capture of the Wytschaete salient by the British and was continued with the opening of the present great offensive by a combined attack of British and French troops on July 31.

Progress on a notable scale continued to be made during a considerable part of the battle, but the latter part of that month and during September until now the infantry fighting has largely been confined to local drives and extensive trench raids.

From the French front today only artillery activity is reported. The statement covered only last night's operations and the early reports today did not indicate whether the French in Flanders had joined in the renewed drive there.

Field Marshal Haig's selection of the battle front to the east of Ypres, in Belgium, as the scene of his latest offensive against the Germans indicates that it is a continuation of the expressed purpose of the British commander-in-chief to force the armies of Crown Prince Rupprecht of Bavaria from the western coast of Belgium and to cut off the German submarine and airplane bases on the North Sea from Zebrugge to Nienport, including Ostend.

The British drive apparently is being made in the direction of Roulers and Courtrai from which Belgian towns, according to recent dispatches from the Dutch frontier, the German military authorities have been evacuating the civilian population.

That the British offensive had been in preparation for several days was made known in recent statements of the German general army headquarters staff. The Germans reported that the British were maintaining a violent and destructive fire against the Teutons' positions, the bombardment frequently reaching the intensity of drum fire.

GERMAN SERGEANT IS DISCHARGED AND INTERNED AS ENEMY

(ASSOCIATED PRESS TELEGRAM)

Fort Oglethorpe, Ga., Sept. 20.—Sergeant Alfred Bonhapt, of the U. S. infantry, who served with General John J. Pershing in Mexico, has been discharged from the army, it was learned today, and interned at the German prison camp here as an enemy alien.

Bonhapt's dismissal from the army followed the interception of a letter which he wrote his sister in Germany, in which he expressed regret that the United States had entered the war against Germany and the hope that he would not have to fight against his native land.

His internment with other Germans here was ordered by the bureau of immigration.

UNARMED AMERICAN

SHOONER REPORTED LOST

(ASSOCIATED PRESS TELEGRAM)

Washington, Sept. 20.—News of the sinking of the Ann J. Trainer, an unarmed American schooner, on Sept. 16, was announced today in a consular telegram to the state department. The crew of seven men was saved. Whether the vessel was sunk by a submarine or a mine was not stated. The trainer hailed from Calais, Maine, and registered 366 tons net.

Riccardo Stracciari—great Italian baritone—makes his American debut on Columbia Records.

His initial offering is that classic baritone solo, the "Largo al Factotum" aria from Rossini's "Barbiere di Siviglia." And never has baritone equalled Stracciari's magnificent rendering of this rollicking air. You will marvel at the new master's sweetness of tone; his flexible, resonant voice; his marvelous control; his subtle artistry.

Hear These Wonderful Selections

- | | | | |
|----------------------------|---|----------------------------|---|

| | Daddy. (Behrend). Vernon Stiles, tenor. Orchestra accompaniment. | | |

Lucy Gates sings "Ave Maria" with a tenderness that brings a little ache to your throat. It is all the richer, all the sweeter, for the haunting melody of Gittelsohn's violin obligato. On the back is "Sing, Smile, Slumber."

Josef Stransky himself leads the New York Philharmonic through the brilliant measures of the "Raymond Overture"—Macmillen's throbbing violin renders the incomparable Beethoven "Minuet in G" and on the other side, Drdla's "Souvenir"—Vernon Stiles contributes "Daddy" and "Forgotten" with the tender sympathy such matchless things require.

These are only a few of the splendid Columbia Records for October. There are dance records; popular song-hits that everybody is singing; whistling pieces; saxophone numbers; bagpipes; hymns—a brilliant, varied selection for you.

They are on sale now—hear them at any Columbia dealer's.

START FIVE PROBES INTO MURDER OF CITY POLICEMAN

(ASSOCIATED PRESS TELEGRAM)

Philadelphia, Sept. 20.—Five separate investigations were begun today into the killing of a city policeman yesterday by gun men, who, the authorities allege, confessed to having been brought here from Jersey City for the primary election by one of the rival factions in the contest for leadership of the Fifth ward, known as the "bloody fifth," and announcement was made that a warrant for the arrest of Mayor Smith would be sworn out as a result of charges made by Isadore Stern, a member of the state legislature to the effect that he had telephoned the mayor regarding the gunmen.

Stern charged that Mayor Smith ignored his appeal for protection in the ward in the face of proof that the gunmen were responsible for the attack on the Finletter Republican club a few hours before Policeman Epley was slain and two other men badly beaten. The mayor denied that he had any knowledge that the men were to be brought here and declared he was ready for any warrant for his arrest. "All the power of my administration," he added, "will be used to assist the district attorney's office in ferreting out the crime and fix its responsibility upon the real criminals."

The affair has aroused the city as probably as no other of a similar nature in its history and in addition to the investigation by District Attorney Rotan, inquiries were under way today by the coroner, the detective bureau, the police department and the citizens committee.

RUSH WORK ON ROAD TO ROLLING MILL; IT OPENS NEW DISTRICT

(ASSOCIATED PRESS TELEGRAM)

Chicago, Sept. 20.—The referendum on a strike of 8000 Great Lakes seamen, firemen and oilers is to be concluded next Monday, according to assertions today by Chicago leaders. The resolution being voted on provides for a strike on October 1 of all members of the seamen's union and the marine firemen, oilers and water tenders' union, if the Lake Carriers' Association, before that date, has not agreed to extend the provisions of the Atlantic agreement to the lakes.

The industrial committee of the Chamber of Commerce and the new county commissioners yesterday viewed a proposed road which is to be constructed from Sixteenth street parallel with the B. & O. and Pennsylvania railroad tracks to the Buckeye Rolling Mill.

The Blair Motor Truck company, the Chamber of Commerce and the Scheidler heirs have dedicated the land for a 40-foot roadway to open up that industrial district to traffic. It will give the Buckeye Rolling Mill an additional outlet for drays and will help develop the tract of 10 acres which the Chamber of Commerce purchased from the Scheidler heirs as sites for new industries. With the grading of the Cherry Valley road, the construction of the new road, the new industrial district is one of Newark's busiest suburbs. Construction work is to be rushed on the various roadways while the weather is pleasant.

VOTE ON LAKE STRIKE

Chicago, Sept. 20.—The referendum on a strike of 8000 Great Lakes seamen, firemen and oilers is to be concluded next Monday, according to assertions today by Chicago leaders. The resolution being voted on provides for a strike on October 1 of all members of the seamen's union and the marine firemen, oilers and water tenders' union, if the Lake Carriers' Association, before that date, has not agreed to extend the provisions of the Atlantic agreement to the lakes.

Total	\$56,675.99	\$47,985.17	\$ 8,690.82

Very Truly,
W. W. GARD,
Treasurer.

GLOVE FACTORY IS READY; MACHINES TESTED BY EXPERT

Electric power was turned into the plant of the new McBride Manufacturing Company on South Fourth street yesterday when a train operator from Toledo came to test the machines and tested out the machines that have been installed.

President McBride has been in the city for the past two days and assisted by Superintendent J. T. Stuck and a Toledo expert has been hurrying the installation of equipment. The company is overrun with orders and is desirous of getting its Newark plant up and running as soon as possible.

The building has been thoroughly remodeled and overhauled and is now one of the most attractive factory buildings in the city.

Mr. McBride announces that the new working force will be broken in in small groups. Preference will be given in the start to the green hands and to those who have no present employment. Realizing the great shortage of labor, it is the purpose of the new company to develop its own help and to fit into local conditions with as little disturbance as possible.

The two new industries located by the Chamber of Commerce—the McBride Manufacturing company and the Schaefer Cigar company—will add \$175,000 to Newark's annual payroll when in full operation.

MUSIC ANY TIME

You enjoy music, don't you? Why not have a player-piano so you can have music when you want it. It often happens that the one who plays the piano is busy or away from home. It will make no difference if you have a player-piano because you can have music at any time you want it. Then you should get a Jesse French & Sons player piano and have music any time. It is the best of the best, fine workmanship and pure tone. There is none so good. Ask P. J. Fairall, 3 North Fourth street for a demonstration.

DANGERS THAT MENACE BEAUTY DURING SUMMER

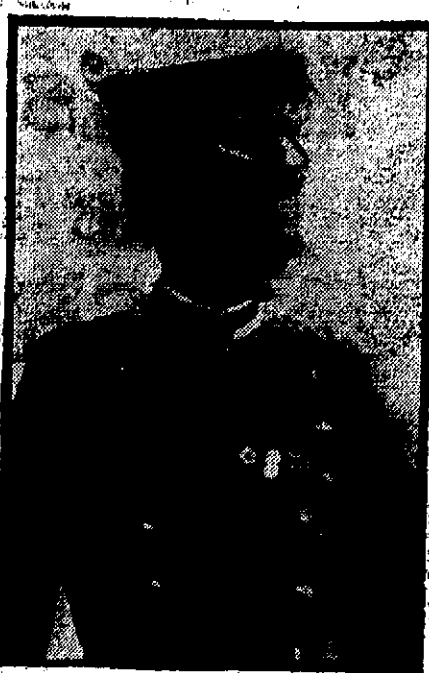

Summer and Wind, Next to Be Dreaded—Sun and Frost are Easily Defended Against.

Every woman can weather the summer and come out looking as pretty as a picture, provided she has taken the proper precautions to protect the delicate skin of the face, neck and arms.

Common ordinary buttermilk with a good, pure cream with many a woman fulfills these precautions. Buttermilk, though you may not know it, quickly removes dirt, makes the skin smooth and soft, and gives it a healthy glow. But since it is not at all obtainable, and is, moreover, and troublesome to make, you will be glad to know that the ready-to-use preparation called "Howard's" Buttermilk Cream can be obtained at any good drug store simply asking for Buttermilk Cream. It must be applied freely to produce best results. No matter how poor the complexion, the skin soon becomes absolutely spotless, with the bloom of youth that only nature (in the form of buttermilk) can give.

Buttermilk might well be called a beauty food, and the woman who has refused to indulge in such so-called "Vanities" might well be excused for using it since buttermilk cream is as good as the milk of her well-being as food and as healthful as a drink. Be sure you get Howard's Buttermilk Cream—it's the best. True buttermilk. T. J. Evans can supply you. Adv.

Maj. Cordray Detailed For Active Staff Duty

MAJ. DAVID P. CORDRAY.

Major David P. Cordray, U. S. Army, retired, has been detailed by the president for active staff duty, and leaves at once for Washington to report at the war department. Major Cordray's family will accompany him.

SOLDIERS' MEDALS

Editor of The Advocate—I have received the medal again and thank you for having made correction in the engraving. I am ever so much obliged to you people for your trouble. I certainly feel it an honor to receive the medal and will always keep it in remembrance of you and the people of Licking county. Yours respectfully, Carl W. Lind, Camp Sheridan, Montgomery, Ala.

Editor of The Advocate:—Yours of the 12th inst., with medal enclosed, received today. Am wearing it now, will continue to do so and I thank the people of our county very much. Sincerely yours, J. R. Sook, U. S. Indiana.

How To Judge a Woman By Her Hair

There is real common sense in just nothing whether the hair is well kept to judge of a woman's neatness or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made expressly for shampooing. You can enjoy the very best by getting some canthorin from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid enough so it is easy to apply to all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth. (Adv.)

BIG CROP OF CORN IN LICKING COUNTY

How will you get it cut in time to seed to wheat? Labor is scarce and high-priced. Let us help you to solve this problem. Buy a McCormick Corn Binder. This will enable you to finish seeding from ten days to two weeks earlier, which will make you money. Probably enough to pay for the McCormick Binders as the binder will not only save the cost of high-priced labor, but will also insure you a better crop of wheat by enabling you to get your wheat sown in good season.

We have the McCormick Binders in stock and can give immediate delivery. Come and see us. CHAS. U. STEVENS, 37 SOUTH THIRD STREET. 9-18-5

A PROFESSOR OF MEDICINE ON INTERNAL BATHS

Horace T. Dodge, M. D., Professor of Materia Medica, writes Dr. Chas. A. Tyrrell of New York as follows: "I can truthfully say that I have had the very best results in my experience with the 'J. B. L. Cascade.' You certainly have struck the keynote of many diseases."

By means of the "J. B. L. Cascade" simple warm water cleanses the lower intestine the entire length, removes all the poisonous waste therein, and keeps it clean and pure, as Nature demands it shall be for perfect health.

You will be astonished at your feelings the morning after taking an internal bath with the "J. B. L. Cascade." You will feel bright, brisk, confident and as though everything is working right—and it is.

It absolutely removes constipation and prevents Auto-intoxication.

Hudson Ave. Pharmacy, R. L. Williams, Prop., 322 Hudson avenue, cor. Oak st., Newark, Ohio will show and explain the "J. B. L. Cascade" to you, and will also give you free on request a most interesting booklet, "Why Man of Today is Only 50% Efficient," by Dr. Chas. A. Tyrrell of New York, specialist on Internal Bathing. Ask for it today. Advertisement.

DOES FOR PART OF ESTATE; DECLARES SISTER WAS WIFE

Columbus, Sept. 20.—Franklin County courts have to decide a tangled case, dealing with the 15 years' residence together of a man and a woman in Reynoldsburg and Columbus, who went before the world as brother and sister.

Mrs. Hadasah H. Johnson died here May 19, at the age of 66. When her will was probated, no part of an estate valued at \$8000 was bequeathed Freeman B. Christopher, aged 60, her companion.

Now he petitions, through Attorney E. B. Earnhart, for a half interest as her husband and one of the partners who acquired the property.

Were the woman and man husband and wife, by common law? Their living together proclaims it; their constant claim of being brother and sister negates it. Neighbors and dwellers in Reynoldsburg are sure they were brother and sister.

Christopher, in his suit declares they were man and wife, though he does not say they were legally married.

Mrs. Johnson derived a pension, it is said, as the widow of a civil war veteran. Had she remarried, the pension relates, the pension would have been forfeited. Hence the status assumed before neighbors and the world by Christopher and her—brother and sister.

Mrs. Johnson conducted a patent medicine business here while the pair lived in Reynoldsburg, it is said. Each day she came to Columbus by electric car.

Three years ago they moved to Columbus and had since lived here.

Christopher's address in Columbus is unknown to his attorney.

The couple lived on a 10-acre tract at the edge of Reynoldsburg for 12 years. They did not often mingle with neighbors. It was said they always addressed each other as "brother" and "sister."

A "tip" to the situation disclosed yesterday in court was overlooked by the villagers. Mrs. Johnson was visited twice a year by a brother, whose name was said to be Johnson. This fact was recalled yesterday after Christopher filed his suit.

ORGANIZE SPEAKERS TO ADDRESS PUBLIC ON FEDERAL MATTERS

The Newark "four-minute men" club was organized Tuesday evening in the Chamber of Commerce room with Ray Martin as chairman and A. K. Evans, secretary. It is an official body of men who present to the people of the country, in four-minute addresses at the various moving picture theatres on such matters as may be authorized by the government through an official information.

A body of local speakers is being formed by the club and a schedule worked out for their appearance before the audiences in the moving picture houses of Newark.

This work has received the cordial approval of Herbert C. Hoover, the Red Cross, the Liberty Loan committee, and other governmental bodies. Similar clubs are being formed in the various cities throughout the country and the local club will shortly begin its work under direction of National headquarters.

WELSH HILLS

The Welsh Hills Grange exhibit, at the county fair last week, won first prize.

Mrs. John Hottinger and Mrs. M. Johnson will entertain the Ladies of the missionary circle at the home of Mrs. Hottinger on Thursday afternoon.

Halvey Jones and a friend from Columbus were in this vicinity enjoying the hunting season, Saturday.

Mr. and Mrs. David Jones of Akron, O., spent Thursday night at the home of their parents, Mr. and Mrs. Ben Jones. David has accepted the position as principal of the high school at Jacksonport for this year. The sub-division of Granville township schools of which Welsh Hills school is a part carried off second prize at the county fair.

Reuben Miller of Newark visited with friends here over Sunday.

Much regret is felt in giving up one of our most highly respected young men, John King, who is called to go to camp Thursday. Not only has the Sunday school lost a good superintendent and the Grange one of its best officers, but the community will lose a valuable worker.

At the county fair the first prizes were won by members of Welsh Hills school: Thomas Price won prize for best collection of seeds, and Emily Evans for her primary work.

Mr. and Mrs. A. W. Claggett entertained the following guests at dinner Sunday, Mr. and Mrs. Ronald Claggett of Newark (Wilbur Claggett of Marion, O., and Willie Burns.

AN 86-YEAR-OLD WOMAN WINS PREMIUM HERE

A waist made by Mrs. Jane Williams of Zanesville, route 9, took first prize at the Newark fair last week. The waist was cut, fit and hand made by Mrs. Williams, who is 86 years old.

Today the South has invested in 777 cotton mills, with their 3,200,000 spindles, \$225,000,000, as against \$21,000,000 25 years ago.

That Film on Teeth

The Source of All Tooth Troubles

By WILLIAM M. RUTHRAUFF, A. B., A. M.

All Statements Approved by High Dental Authorities

Why Teeth Discolor and Decay

Why Germs Breed Around Them

What you already know is this: Despite all your brushing, your teeth still discolor. Tartar forms on them, so they need frequent dental cleaning. And some teeth still decay.

You know that what you do, and what you use, fail to really keep teeth clean. Your present methods don't protect you. So there must be something wrong.

The trouble lies in a slimy, ever-present film which you feel with your tongue.

That film is where the stains lodge, spoiling the teeth's whiteness. That film is what hardens into tartar.

That film is what holds food particles. There they shortly ferment and form acid—the cause of all tooth decay.

And that film is where the germs breed—the germs which cause countless troubles, including pyorrhea.

Thus the chief object of teeth-cleaning is to keep rid of that film. And that is where your methods fail.

Feel your teeth with your tongue, however often you brush them, and you find that film still there. Every discoloration proves it—every evidence of tartar. But between the teeth and in crevices is where it accumulates most.

It is now known that alkali hardens it. So soapy applications do more harm than good.

And we can't combat the acids or destroy the germs while that film remains to protect them.

That is why your method of teeth-cleaning fails. It removes only the loose debris. That is important, but water alone will do that. There is little need of a dentifrice unless it attacks that film. For, day and night, harmful things are being held by that film to the teeth.

That is your situation unless your dentist has already told you of Pepsodent. Your teeth are not clean, not safe. They do not long stay white. And you rely for your protection on periodic dental cleaning.

But now science has solved this film problem. And this is to ask that you prove it by a one-week's pleasant test.

Now There's a Way to End It

To Keep Teeth Really Clean

Three years ago a way was found to keep the teeth free from this film. Those three years have been spent by dentists in proving the fact beyond question.

There have been many false theories of teeth-cleaning. Many ways which seemed good have proved worthless—in fact, are now known to be harmful. So we waited three years to let dental authorities prove that this method was right.

The film is albuminous matter. That fact suggested pepsin, which is albumin's digestant. Pepsin is known to digest albumin, and that means its dissolution.

But pepsin is inert until activated. And the activating agents are acid. The usual acid—hydrochloric—is destructive to the teeth. So pepsin for long seemed barred.

Then an acid salt was found—a neutralized acid—which does not harm the teeth. In fact, the teeth themselves are largely formed from it. This acid salt will activate pepsin. It is this discovery which has solved the problem of that film.

Pepsodent combines pepsin with this activating agent. The purpose is to dissolve the film so that brushing will remove it. Five governments already, by granting patents on this combination, have recognized its newness and efficiency.

Pepsodent is now supplanting all former methods of teeth cleaning. It has been subjected to thousands of clinical tests. Its results have been proved beyond question.

It has won the endorsement of authorities who are recognized all over America. And countless dentists in their practice have proved that it does what they seek.

Now, on their advice, we are telling the facts to you.

This is to urge you to make a one-week test. The coupon below will entitle you to Pepsodent for it. See what it means to you.

Note how clean your teeth feel, even after one application. Note how quickly the slimy film disappears, how your teeth grow whiter. And how they soon feel as they feel after a thorough dental cleaning.

Mark how pleasant its use is, how unique and complete its effects. One week will convince you. You will never return to any method which leaves your teeth coated with film. Cut out the coupon now.

ONE-WEEK TUBE FREE

Present this coupon, with your name and address filled in, to the druggist named. It is good for a One-Week Tube of Pepsodent.

Your Name _____

Address _____

Out-of-town residents should mail this coupon to The Pepsodent Company, 1104 So. Wabash Avenue, Chicago, and the tube will be sent by mail.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This often brings quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to use. One who has Catarrhal Deafness or head noises should give this prescription a trial. T. J. Evans can supply you. Adv.

It is certainly a mistake for motorists to try so hard to bump railroad trains off the track.

Among the others who should be sunk without leaving any traces are some of our pro-German politicians.

So far Mexico has not threatened to intervene to put down the bandits that speculate in food in our country.

The fact that when flour rises bread goes up immediately, does not prove that when flour falls bread will go down right off.

The Germans are mighty skillful plotters, but to have the art down real fine, they have got to burn a few more of their letters.

Berlin dispatch says statues are going to be melted down for guns. Some of our cities would feel that this is one of the compensations of war.

If it is such a matter of indifference to Germany that we have entered the war, the Germans ought not to get mad about the things we do.

When the fathers of the republic established the senatorial term at six years, they perhaps did not foresee certain persons who now wear the toga.

Some of the farmers were said to be mournful about the price fixed for wheat, but now they are reported to have done more ploughing for next year than usual.

That big comet is not to be visible until next year, but the conscientious study of astronomy already leads the young people to go on dark nights looking for it.

The I. W. W. may not have objected to getting free board in jail, but the fact that jail is a place where people have to work seems to have daunted some of them.

The falling off in sinkings by the German submarine causes no lamentations in Germany, for the simple reason that the German people aren't permitted to know that fact.

The Swedish position in the matter of those messages to Germany appears to be that they didn't know what they were, and anyway they were examined and found to be all right.

We people who growl because Mr. Hoover asks us to have two No White Bread days per week, are grandsons of the folks who would have felt rich if they had white bread on Sunday alone.

Some one asks what should be done with people who steal garden truck? As this newspaper is unable to make up its mind whether they should be dipped in boiling oil or merely tarred and feathered, it refrains from offering any advice.

The military salute had a curious origin, if the tradition brought to light by United States Marine Corps officers at their headquarters in Washington may be believed. The Navy soldiers say that the salute originated in the days of the tournament, at which a queen of beauty was chosen to preside. The knights and their esquires and all who took part in the tourney, on presenting themselves before the queen, lifted each one a hand level with the brows as though dazzled by the light of her presence. Although its significance has been forgotten that same salute is now used by military men in recognition of the superior rank, the Marine officers say.

Daily History Class—Sept. 20.
856 B. C.—Alexander the Great was born; died at the age of thirty-two, "conqueror of the world."
1740—Charles VI, emperor of Germany, died at Vienna.
1803—Robert Emmet, Irish patriot, was hanged for treason; born 1780.
1914—Germanu bombardier Rheims.
1915—Bulgarian army mobilized "in the interest of armed neutrality."
1916—United States war relief contributions reached the \$25,000,000 mark.

ASTRONOMICAL EVENTS.
Aided of constellation Cygnus (the Swan) seen in the evening overhead. Planet Jupiter rises early in the evening.

AMERICAN CAMOUFLEURS.

Fighting from cover with the employment of every possible method of concealment both of men and of plans is older than American Indian warfare. It is older than Macbeth who, as the bard of Avon relates, was doomed when Birnam wood came to Dunsinane, the attacking force hiding its approach by means of a green branch held aloft by each soldier, with the effect of a slowly-moving forest. The method is even older than the first uncivilized tribes of history. It was long supposed that these primitive arts of deception could not be employed by great modern armies and that they properly belonged only to the savage times which produced them. But this unparalleled war brought them back, and they have now been developed with a cunning and resource of which the savage of past ages was incapable.

The French call the old method adapted to modern needs camouflage and the man who practices it a camoufleur. The devices reported are many and some of them most ingenious. We read of dummy cannon that recoil and flash a puff of smoke under the eyes of hostile aeroplanes while genuine guns are fired from concealed pits some hundreds of yards away. Counterfeits of dead horses and even of dead men have been employed. Aeroplanes sheds have been made to look like wheat fields and railroad trains like workmen's cottages. If the Germans make a bridge impassable by continual shelling, the French build another and keep it covered by day with an innocent river scene painted on canvas which is rolled back at night. Such schemes for throwing dust into the enemy's eyes have long been recognized as necessary on the European battle line, and the value of all this military "nature-faking" is attested by the fact that an American camouflage company is being organized for service in France.

The object is to enlist ingenious young men who "are looking for special entertainment in the way of fooling Germans," and who will be able to "cast a magic veil of invisibility over military works," according to the official bulletin, which says: "The chief of engineers in the war department is looking for handy and ingenious men who are ready to fight one minute and practice their trade the next. Wherever a machine is set up, or a trench is taken and reversed, or a battery of artillery goes into action, or a new road is opened, or a shipper climbs an old building, or a sniper bridge is built, or an officer creeps out into an advanced post to hear and to observe, there must go the camoufleur man to spread his best imitation of the magic veil of invisibility. Ironworkers, sheet-metal workers, carpenters, cabinet-makers, stage carpenters, property men, plaster molders, photographers, scene painters, and sign painters, will make up this force of emergency magicians. There is in store for them plenty of excitement and no end of opportunity to use their wits."

GIVE 'EM GOOD CARS.

It was frequently complained, when the militia boys took their long jaunts to the Mexican border for the recent mobilizations, that many of them had to travel long distances in antiquated and badly crowded cars, mostly day coaches. Travelling at night with your legs bent up like a jackknife in the vain effort to find some comfortable position, is a test of patriotism. Probably sleeping cars can not be found in sufficient number for the soldier boys. But they should be given plenty of room, and the best day coaches there are. If anyone is to ride in crowded cars, it should be the ordinary traveller, who usually is going but a short distance. He is sacrificing nothing, and can stand discomfort in a patriotic emergency. Or if any antiquated cars with springless seats and tiny little windows have to be used, put them on regular trains and give the soldiers modern equipment. They are giving their all for the country, and the country should give them its best.

INCREASING THE ARMY.

(Ohio State Journal.)
There are 7,200,000 men on the rolls subject to draft and the question is being discussed whether the examinations should continue, to see who among them are fitted for service. That ought to be the program. The idea of our measuring our efforts by requiring just sufficient to whip Germany and no more is bad policy. We have enough men to end the war in a year and they should be put where they can do it. It would prove a great life-saving venture. This thing of putting a thousand men in a trench and a thousand men is not wise, when we can send out five thousand to meet them. We have the power to end this war and stop Germany in its mad career of cruelty, barbarism and frightfulness. We can save treasure and human life by it. We should have three million men in Germany by next summer and the war will be ended before the snow comes again.

GERMANY'S ONE HOPE.

(Kansas City Star.)
One great hope is sustaining Germany. That is the hope that the submarine will win the war. Evidence of this appears frequently in public references to utterances of leading Germans. Charles H. Grasty, in a recent dispatch from London tells the New York Times that everything he has heard in Switzerland, France and England confirms the belief that the moment the destruction of shipping is reduced in a point near construction, Berlin will beg for peace. The figures of submarine losses cited by Mr. Grasty in another dispatch show that the German Admiral von Scheer was not talking nonsense when he said any child with pencil and paper could figure the destruction of England through the submarine. If Germany can destroy 600,000 tons of shipping a month of which only 200,000 can be replaced, then

Our country's welfare is our first concern. And who promotes that best, best proves his duty.

To the sailor, on reading a sweater.
May this warm little gray woolen sweater Enable you, sir, to fight better: Oh, man, how we'd about If you should knock out The stuffing of "Old Donnerwetter."

Marriage.

Aunt Caline says Shesha Gooden is a teachin' our school this year which she is a know beginner an' she went up to Newark last week to visit some o' the schools up there an' she come back just plum full o' what she calls this here modern ideas. An' so yesterday after school had taken up Shesha she says, "Now, children, take your pensels an' make me a drawin' of the thing which you most desire in this life," she says. So they all went to work quite bizzzy except little Iva Grouch an' she set there an' never made no effort to draw nothing. So S. S. says, "Why ain't you a-drawin' nothin'?" Iva? Don't you want nothin'?" An' Iva she pretty n' cried an' she said, "Yes, ma'am, I do, but I don't no how to draw what I want," she says, "fer I want to get married," she says. "Get married, child!" says Shesha. "What on earth for?" says she. "Well," says Iva, "I wouldn't hev to go to skule no more," she says, "fer folks what's married don't hev to know nothing," she says. "Says Shesha, "I guess that marriage is education enough," she says; "it's going to the school o' bitter experience," she says—which she is a ole made.

If the king of the Cannibal Islands wears a hat, which we do not suppose he does, he will surely have to take it off to Kaiser bill.

A September Visitor.
What's this upon the bill o' fare? A tried and trusty friend o' yore. The oyster, with his jaunty air, Is welcome in our midst once more. Birmingham Age-Herald.

We tremble betwixt hope and fear. "Old recd. for sea and you didst, In April when you last were here, Stir up some trouble in our midst."

Slim Pickin'.
One of our eminent scientists says that the way to train the memory is to look around carefully in a street car and then close your eyes and try to visualize each passenger but we guess we'll postpone this branch of self-improvement until the police department is reorganized, as we're afraid somebody would would pick our pocket while we had

the destruction has only to keep up a certain number of months to put England out of the war and prevent the United States from getting in.

In the face of such figures it does no good for us to jolly ourselves along by saying that we have the submarine licked, or that if we win an anti-submarine war. So haven't we can trust to Edison. So the course keep up at the average level for the last six months, even excluding the bad months of April and June, the situation is dangerous.

Convoys freight vessels has proved successful. The only difficulty is that we haven't enough destroyers to do the job. We need a destroyer program to match the ship-building program. Indeed, they go together. Without destroyers to convoy them the new ships we are building will be simply a sacrifice to the submarines.

Pointed Observations

A post-mortem was recently held on Charles XII, of Sweden, dead 200 years. He had probably turned over in his grave following his country's actions in Argentina.—Chicago Herald.

The general of the German Eleventh Reserve Division has offered \$100 reward for the first American soldier, dead or alive; as payment is to be in paper marks the prize is not alluring.—New York World.

Germany's effort to make the laboratory take the place of the potato patch is one of several phases of culture's failure.—Washington Star.

There's something suspicious about a person of foreign birth who proclaims himself "pro-American." Instead of just plain American. If he's still in bad odor.—Cleveland Plain Dealer.

Debating the White House picketing would be a waste of hot air. There is nothing to debate about this disgraceful exhibition of feminine stupidity.—Rochester Herald.

The Italian widow who possesses all the qualifications for citizenship except that of speaking English, and who has given three sons to this country's service, should be admitted by bending the naturalization laws. Such act will not establish a precedent, as a similar case is unlikely. Laws are not made to cover foolishness.—Portland Oregonian.

Some one should tell Sweden that biting the hand that feeds one is considered extremely bad form.—Macon Telegraph.

Charlotte Observer: "Mrs. Sheep is expected to arrive here shortly to join Major Sheep." Aren't there any lambs?—Houston Post.

Germany holding up her hands in holy horror at America prying into official dispatches is a sight to move the inextinguishable laughter of the gods.—Chicago Herald.

GRONHOLM DENIES AIDING GERMANY; MAKES STATEMENT

(Associated Press Telegram)
Mexico City, Sept. 20.—Folke Cronholm, former attaché of the Swedish legation, in a statement to the Associated Press today, denied the German minister von Eckhardt offered or promised him a decoration in a German order or that he received any such decoration. Cronholm also denied that he had "furnished the German minister with information gathered amongst the enemies of his country in Mexico."

Previous to making this statement, Cronholm had maintained silence regarding the dispatch made public by Secretary Lansing in which Minister von Eckhardt recommended Cronholm for a decoration. The statement follows:

"I am not in a position to make any statement, being that this is contrary to the diplomatic principles of my country, as I am only an executive organ of my government and still ignorant of the statement that the same might have issued on the subject. Once in possession of an authentic text of such a statement I may be able to add some complimentary remarks."

"Referring to the decoration mentioned in this connection, I hereby declare that the German minister,

Mr. Eckhardt, has not offered me any decoration, nor has he promised me such, and neither have I received any. The allegation made by a certain class of newspapers in this city to the effect that I have furnished the German minister with information gathered amongst the enemies of his country in Mexico is just as false as it is ridiculous."

WASHINGTON C. H. MAN HEADS OHIO ELKS ASSO.

(Associated Press Telegram)
Columbus, O., Sept. 20.—Jesse W. Smith of Washington Court House, O., was elected president of the Ohio Elks Association at the final business session of the association. Columbus was again chosen for the 1934 meeting city.

SOCIAL EVENTS

(Society Editor, Auto Phone 23128.)

Mrs. C. S. Tomlinson will entertain the Fortnightly Sewing club, Friday afternoon at her home in Flory avenue. All members are urged to be present.

Mrs. Carl Weiland will entertain the Friday Afternoon Sewing club tomorrow.

Very pleasant was the surprise of Mr. and Mrs. William Sherman of Granville, O., on coming home from the picture show Monday evening to find awaiting them at their home the members of Mr. Sherman's Sunday school class and friends of Mrs. Sherman to the number of fifty. Music was the pastime of the evening and was furnished by Messrs. Guy Case, Riley Patterson, Orval Case, Clark McCrary and Jenkin Jones. The guests presented the bride and groom with two chairs. After refreshments were served the following guests departed for home: Mr. and Mrs. Sherman, Messrs. and Mesdames Geo. Richards, Guy Case, Will Thomas, John Fluhart and Riley Patterson; Messrs. Neely, Smith, H. D. Ashbrook, Theo. Baker, Jenkin Jones, Albert Nichol, Evan Jones, Clark McCrary, Hood and Scheidt; Mesdames Della McCrary, Alice McCrary, Martha McLaughlin, John Phierro, E. J. Case, Abbie Crooks, Rufus Wright, Wm. Carpenter and Frank Welsh; Misses Laura and Alice Case, Doris and Leo Case, Ethel, Margaret, Thelma and Elizabeth Thomas, Minnie Hayden, Mary C. Welsh, Louise Wright, Jenness Carpenter, Catherine Richards and Sylvia Crooks; Masters Edward and William Richards, Leland and Orval Case, Edgar and Earnest Welsh, Ruel Carpenter and Neil Crooks.

PETERSON'S OINTMENT BEST FOR ECZEMA

First Application Stops Itching of
Eczema, Salt Rheum and Piles.

"Live and let live is my motto," says Peterson, "druggists all over America sell PETERSON'S OINTMENT for 25 cents a large box and I say to these druggists, if anyone buys my ointment for any of the above ailments for which I recommend it and are not benefited give them their money back. I've got a safe full of thankful letters testifying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum, ulcers, sore nipples, broken breast, itching scalp and skin pimples, blackheads, blind, bleeding and itching piles."

John Scott, of Buffalo, writes, "Peterson's Ointment is simply wonderful. It cured me of eczema and also piles, and it did so quickly that I sold my Evans' Cat Rate Drug Store."

HAIR HINTS

Helpful Advice for Care of the Hair. Watch the condition of Everyone. Who Would Avoid Dandruff, Itching Scalp, Gray Hair and Baldness.

If your hair is getting thin and you are troubled with dandruff or itching scalp, get about four ounces of Parisian hair oil from your druggist. This helps to prevent baldness and grayness and keeps the scalp clean.

"Before going to bed I rub a little Parisian hair oil on my scalp," says a woman whose hair is soft and fluffy. "It keeps the hair from falling out and makes it easy to dress attractively."

A lady visiting friends says: "Parisian hair oil is the best hair treatment I ever used. It keeps the scalp free of dandruff, prevents hair falling and stops itching scalp."

Everyone knows sage is good for the hair, but be sure to ask your druggist for Parisian hair oil (Groux's), for this will not stain or streak the hair and is delicately perfumed. Dr. Erman will supply you.—Advertisement.

WISE BORROWING

ARREST HUSBAND AT GRAVE FOR MURDER OF HIS YOUNG WIFE

(Associated Press Telegram)
Toledo, Sept. 20.—Frederick Lehman, arrested late yesterday at the grave of his wife in this cemetery, 15 miles west of this city, will be arraigned today before Justice L. H. Devo, at Wauseon. The affidavit against him charges murder in the first degree.

A new 22-calibre revolver with which officials say, Mrs. Lehman was murdered and with which Lehman was wounded slightly in the left arm and leg, was found under the milk house on the Lehman farm while Mrs. Lehman's funeral was in progress.

At the first clods of earth fell upon her grave, Sheriff Boone of Fulton county arrested Lehman and rushed him to Wauseon in an automobile.

Grilled late last night by Coroner P. S. Bishop of Fulton county, Lehman still insisted that three robbers first shot him Monday night as he stepped from the house into his farm yard and that they then murdered Mrs. Lehman in her bed.

Lehman told the officials that his young wife was the prettiest woman he ever saw.

The theory of the officers is that Lehman, whose draft number had been drawn, but who had not yet been called, was jealous and brooded over the prospect of leaving her alone on the farm.

THE COURTS

James Case Argued.

The cases of Leonard O. James vs. Estella Swan, and the case of Rosa V. James vs. Lucy Blackburn were argued and submitted to the court upon petitions in error and bill of exceptions. The cases were brought from the probate court to the court of common pleas on error, and involve the appointment of an administrator of the estate of S. L. James, deceased. Charles W. Montgomery was appointed by the probate court as administrator of the James estate, and it is now sought by the proceeding to set his appointment aside. The court took the matter under advisement.

Seeks Divorce.

Wilkes H. Bradley has filed a petition in common pleas court against Lena L. Bradley, asking that he be granted a divorce on the grounds of willful absence of defendant for more than three years last past. The parties were married May 16, 1930.

Marriage Licenses.

Jos. E. Deck, a B. and O. fireman, and Miss Jeanette Julia Talbot, both of this city. Rev. Mr. Spangler named to officiate.

Richard L. Hughes, a bolt setter of this city, and Miss Maude K. Tavenner of Franklin township. Rev. H. H. Greenawald named to officiate.

Suit for Money.

Fred Darks has filed a petition in common pleas court against John Darks, in which he alleges the defendant owes him \$1,050, for farm labor from Oct. 15, 1932, to March 2, 1934, at \$20 per month.

Partition Petition.

Ressie M. Chapman has filed a suit in partition against Howard H. Chapman, asking for a partition of lot 21 in Tallmadge place addition.

Will Receive Bids.

Sealed bids will be received by the county commissioners at their office until October 4, for repair work on the Holsberry school bridge in Hopewell township and the Lobell creek bridge in St. Albans township.

Road Hearing.

The hearing of the proposed Blair road will be held in the office of the county commissioners Thursday, Sept. 27. The commissioners viewed the road yesterday.

The Sick

Miss Kelley was removed in the Bradley ambulance from the Sanitarium to her home, 157 Jefferson street, yesterday.

Mrs. William Levell was removed from the Newark Sanitarium to her home, 177 South Fourth street, Wednesday afternoon, in the Bazler ambulance.

A. L. Stockmaster was removed from the office of Dr. H. H. Postle to the City hospital, where he will undergo an operation. Mr. Stockmaster is suffering from appendicitis and was removed to the hospital in the Bazler ambulance.

CROXTON OUTLINES THE CONSERVATION CAMPAIGN

(Associated Press Telegram)
Columbus, Sept. 20.—Fred C. Croxtan, newly appointed food administrator for Ohio, who has just returned from Washington where he conferred at length with Herbert C. Hoover, the federal food administrator on the food situation today outlined in part the campaign to be waged in the state for increased production and conservation.

"The work of the federal food administration in Ohio will be conducted on the closest possible co-operation with the Ohio branch council of national defense," said Mr. Croxtan. "Representatives from the council will assist in the food administration and in addition it is probable that a small state executive committee will be organized."

GRANVILLE

(Special to Advocate.)

Granville, Sept. 20.—Many strangers were in Granville Wednesday afternoon as the hour approached when the 62 young men selected for Uncle Sam's new army and the 10 alternates were to report at the draft board headquarters in South Main.

The boys arrived in automobiles and taxicabs, many of them accompanied by their home people. They came by train and by electric car, and the one observable feature was that they presented a splendid appearance as they lined up for the roll call by J. C. Williams, secretary of the board, promptly at 5:30 p. m.

At six o'clock they marched across Broadway to the Presbyterian church where they were honored guests of Granville women at an abundant and appetizing dinner, furnished, prepared and served by the various women's organizations.

The social rooms had been appropriately decorated with large hand-some flags and the tables were centered with decorative baskets of garden flowers of brilliant hues. The favors were vest pocket copies of the Testament contributed and distributed by Rev. George Ewart.

While a home atmosphere was imparted by the score of women and girls who served these young soldier boys as they never before had served guests of high degree. Following the menu of baked smoked ham, creamed potatoes, Lima beans and corn, hot rolls, brown bread, cabbage salad, jelly, apple pie, ice cream, cheese and coffee, Mayor C. D. Coons, chairman of the board delivered official instructions to the men of the quota.

J. C. Williams, secretary of the draft board, was then called upon to speak which he did briefly and to the point. He wished them God-speed, bade them always to remember that they represent the finest county in the best state in this great nation, especially to carry the memory of their best girl wherever they go and never to do anything unworthy of such a memory.

Granville boasts a long time of efficient mayors but Prof. C. D. Coons is the first one in the memory of this generation who has had the opportunity to show his real martial spirit and to develop a rare gift of oratory which the occasion seemed to demand. His address to the men was full of fire and eloquence and his utterances were punctuated by bursts of applause which proved that they were with him. He said that the board had labored conscientiously to give them a guarantee of no considerations of favoritism had actuated the members but that they had simply interpreted the rulings that had come down to them from Washington. He bade them remember that a conscripted status today enjoys a far different status than he did in the 60's; that he is a selected man, called by the President of the United States himself. He said that in their obligation of these drafted men the board had learned to know the ones who had wanted to go and that the one man of the first quota who had rushed from his examination to the official desk and begged to be sent, was the very first man in the Licking county increment to receive promotion, and it is this spirit of willingness and enthusiasm which alone can accomplish what this country has set out to do, whip the Prussians and make the world a safe place to live in.

At 10 o'clock this morning the men again assembled and Clark Zimmerman of Buckeye Lake, No. 1748, official photographer who posed the men of the Newark quota, Wednesday afternoon, took a panoramic view of the Licking county increment, on North Main street. Home people desiring copies of these pictures can communicate with The Advocate office.

At 11:30 a. m. a great crowd of students and townspeople assembled at the O. E. station on Broadway and gave them a rousing and inspiring send off.

So generous were the contributions by Granville women to the soldier boys' dinner that the government voucher for \$5.00 was not touched. It will be placed in the A. F. W. treasury and used for gifts for the men of this increment in some fitting way later on.

The entire Denison University students, teachers—everybody—marched to the station to bid goodbye to the boys who are drafted.

MITCHEL VICTOR IN GOTHAM FIGHT FOR NOMINATION

(Associated Press Telegram)

New York, Sept. 20.—By a narrow margin of 1,115 votes, with two election districts missing, Mayor Mitchell, a Democrat and fusion candidate won the Republican nomination for Mayor over William H. Bennett in yesterday's primaries.

Bennett announced today that all the votes cast for him in Manhattan were not counted, and that he would demand a recount.

John F. Hyman, Democrat, supported by Tammany, was unopposed in the primaries and unless Bennett's action interferes, the fight in the coming election will be between Hyman and the mayor.

Mr. Mitchell with two election districts missing out of 2,060, received 36,646 votes against Bennett's 25,527. The total Republican vote of New York City in the Presidential election last year was 311,974.

WILSON APPOINTS WM. WULFHOOP AND J. A. GROVE ON STAFF

(Associated Press Telegram)

William F. Wulfoop and Jesse A. Grove will be assistants to County Auditor Fred S. Wilson when he assumes office within a short time, according to an announcement made by Mr. Wilson this afternoon. Mr. Wulfoop will be deputy auditor and Mr. Grove assistant in the office. They will succeed Ed. S. McGonigle and Joseph Renz who have been members of Auditor J. W. Hursey's staff.

Life is a hurdle race, in which too many of us jump at conclusions.

SOCIETY OF NATIONS GETS APPROVAL OF FRENCH DEPUTIES

(Associated Press Telegram)

Paris, Sept. 19. (Wednesday).—Premier Painleve, replying today in the chamber of deputies to interpellations by deputy Frederick Brunet, who asked the government to associate itself with President Wilson's refusal to treat with the German people so long as they were submissive to the military caste and advocating an institution or society of nations, said that he had made every effort to preserve collaboration with the socialist.

"I failed and I regret it," the premier said.

After paying a tribute to Albert Thomas' services, the premier said that the absence of socialist ministers would make no change in his policy. He declared his determination to proceed energetically against all intrigues and certain foreign agents but added that he did not intend to take these scandals too much publicity in the press because they were picked up abroad and weakened the country's morale.

The chamber applauded the premier's allusions to the society of nations and President Wilson's message as principles to which France fully adhered, thereby showing her abnegation and moral graditude.

Alexandre Ribot, minister of foreign affairs, told the chamber that all documents concerning France's agreements with the allies were ready and could be published tomorrow, but that the entente allies' nations must be consulted, saying "the nearer we reach the end of the war the closer must be our unity with them."

M. Ribot added that France could not reply to Pope Benedict's note without an agreement with her allies, but "our war aims are known and we are ready to constitute a society of nations when we have the necessary guarantees."

M. Ribot said that Petrograd had asked him to defer the publication of the Franco-Russian agreement. He said that he considered that he ought to comply owing to the difficult situation of their great ally.

Pierre Renaudel said that the socialists would await Premier Painleve's before voting for him. He reproached the premier for forming his war committee of old men instead of young and ardent men. Confidence in the new ministry was then voted by the chamber 378 to 1. The socialists did not vote.

LETTER TO MAYOR SAYS OBERLIN WAS MURDERED BY GANG

(Associated Press Telegram)

Canton, Sept. 20.—State Senator Adam Oberlin, who has been missing from his home here for more than two weeks, was murdered, according to an anonymous letter received today by Mayor Stolberg. The letter threatened death to the mayor if he fails to attach significance to the letter.

The letter was written on stationery of a local hotel and the writer declares he is one of a "gang" who helped killed Senator Oberlin. He says the gang got \$75. from Oberlin and placed his body under a shed near Canton. The writer asks \$300 for information as to where the body is. The letter is signed by "Heavy" and his gang of "Right." The address of 193 Pine street, Akron, is attached to the letter.

A conductor of a Northern Ohio traction car said Senator Oberlin was on his car running from here to New Philadelphia, O., on the day he disappeared, Sept. 4. Another man reported having seen him walking alone a roadway between New Philadelphia and Uhrichsville on the same day.

No credence is placed in the "gang" letter by Mayor Stolberg or by Oberlin's relatives. There is no number 193 Pine street, Akron.

IN THE NAVY

Robert Africa, son of Conductor Thomas Africa, now a resident of Monroe township, has left for Chicago where he was ordered to report for service in the United States navy. The young man was too young for the selective army but desirous of taking part in the war against Germany, volunteered for service in the navy.

EXPECT BIG CROWD TO HEAR J. P. FAGAN ADDRESS TONIGHT

(Associated Press Telegram)

A large attendance is expected tonight when James P. Fagan of the industrial conservation movement of New York addresses the memorial council in the Chamber of Commerce rooms. Chairman A. A. Stasel will preside and the meeting will begin at 7:45 o'clock. A large number of manufacturers have been asked to attend. Mr. Fagan's talk will be of particular interest to the wage-earner, wage-payer and the general public. He will speak to the Newark Chamber of Commerce Friday night and during the month of September is scheduled to appear in the leading industrial cities of Ohio. The general public is invited to attend tonight's meeting.

VANATTA'S HORSE BEATS JONES' MARE IN MT. VERNON RACE

Mt. Vernon, Sept. 20.—The Knox county fair opened today with a large crowd in attendance. The racing was good. Vanatta's horse won the 2:17 trot a hard battle with Mayonia. The 2:18 pace was fought out among five horses. Hi Logan finally winning. Summary:
2:18 pace, purse \$300:
Hi Logan, b. s. by Dwight 2 1 1
Loren (Tyrol) 2 1 1
Topsy Hallwood, b. m. by Walter Hall (Crane) 1 8 2
Bau, (Vince) 2 2 9
Robert B. G. (Hall) 5 3 4
Geo. Patch, George W. 3 4 2
Valentine, W. P. J. and Limber Jim also started.
Time—2:17 1/2, 2:16 1/2, 2:16 1/2, 2:16 1/2.
Aubelle, ch. m. by Vanko 2 1 1
Mayonia, b. m. by 1 2 2
Fond Memory, b. m. (Bou-ller) 3 2 3
Don E. b. g. (Brimble) 5 4 5
Time—2:18 1/2, 2:19 1/2, 2:18 1/2, 2:20.

BASEBALL MAGNATES MEET FOR BIG DRAFT

Cincinnati, Sept. 20.—The draft meeting of the National Baseball commission and the National and American Leagues, opened here today with baseball men present from many parts of the country. From indications early today it appeared that all of the major league clubs would be represented at the meeting. In addition to transacting business connected with the draft the commission will adopt a schedule for the world's series and also for inter-league games between Cleveland and Cincinnati.

Specifically it was indicated that the world's series would be played in the early part of October—probably starting on October 5. The city where the opening game will be played will be decided by the toss of a coin.
When the commission went into session it appeared probable that as many players would be drafted at this meeting as in the past few years because of the war. The commission has already announced that the draft price in the case of players eligible to selective conscription need not be paid until the players report to the drafting club.

WILLIAM WILL START FIRST TIME IN 2 YEARS.
Columbus, Sept. 20.—Today's program of grand circuit of harness sport will be made up of four races in which the free-for-all pace is the feature. The 2:20 pace, the capital city 2:07 trot, purse \$3,000 and the 2:18 trot complete the card.
In the free-for-all pace, William, 1:58 1-2 will make his first grand circuit start in over two years. He will combat Ben Earl, Miss Harris, M. Single G. Hal Boy and Earl Boy. This is the greatest field of free-for-all pacers ever gathered.

CHICAGO GETS FIRST GAME.
Cincinnati, Sept. 20.—Chicago won the toss for the opening game of the world's championship series meeting of the National Baseball Commission here today today.

You never can tell. Don't look for temptation with the idea of putting your powers of resistance to the test.
A new vacuum cleaner is driven from power derived from the water spigot.

THE MARKETS

Wall Street.
(Associated Press Telegram)
New York, Sept. 20.—Renewed professional selling and realizing of profits forced the market generally below yesterday's close. Bonds were steady. Liberty bonds sold at 99 1/2 to 100.

Chicago Provision.
(Associated Press Telegram)
Chicago, Sept. 20.—Butter unchanged. Eggs, receipts, 7,100 cases, unchanged. Potatoes, unsettled, receipts 35 cars; Minnesota and Dakota 1.15 to 1.22; Wisconsin and Michigan 1.15 to 1.25. Poultry alive higher. fowls 22 1-2; springs, 22.

Chicago Grain.
(Associated Press Telegram)
Chicago, Sept. 20.—Unfavorable weather had a bullish effect today on the corn market. Opening prices which ranged for the same as last night's finish to 7-8c higher at 1.19 1-2 to 1.19 7-8 December and 1.16 to 1.16 1/2 May were followed by moderate further gains and then something of a reaction.

The close was unsettled at the same as yesterday's finish to 1-4 advance with December 1.19 to 1.19 1-8 and May 1.16 to 1.16 1-8. Oats bulged with corn. Wheat receipts continued relatively liberal in the northwest and scanty in Chicago. A big trade in flour was reported at Minneapolis. Millers were eager for hard winter and spring wheat here, but were unable to get much. All requests for red winter wheat were taken care of yesterday. Higher quotations on hogs strengthened provisions. The chief advance was in pork.

Cleveland Live Stock.
(Associated Press Telegram)
Cleveland, Sept. 20.—Cattle, receipts 500; slow. Calves, receipts 150, market steady. Sheep and lambs, receipts 1000; market slow. Hogs, receipts 1500, 10c higher. Yokes 18.75; heavies 18.55; mediums 18.75; pigs 17.50; roughs 17.25; stags 16.25.

East Buffalo Live Stock.
(Associated Press Telegram)
East Buffalo, Sept. 20.—Cattle, receipts 100; slow. Calves, receipts 100, steady. 7.00@16.50. Hogs, receipts 1200; firm. Heavy at 19.00; light 18.00; Yorkers 17.75@18.00; pigs 17.75; roughs 17.50@17.75; stags 16.00@16.25. Sheep and lambs, receipts 1600; lambs, dull, 16.00@17.25; others unchanged.

Cincinnati Live Stock.
(Associated Press Telegram)
Cincinnati, Sept. 20.—Hogs, receipts 3200; slow. Packers and butchers at 18.25; 18.50; 18.75; 19.00; lights 18.00@18.25; 18.50; 18.75; 19.00; stags 16.00@16.25. Cattle, receipts 2300; slow. Calves, steady. (R. Jones) 1500; steady. Lambs, dull, 9.00@17.50.

Pittsburgh Live Stock.
(Associated Press Telegram)
Pittsburgh, Sept. 20.—Hogs, receipts 10,000; steady. Heavies 18.75@18.85; Yorkers 18.00@18.25; light Yorkers 17.25@17.50. Sheep and lambs, receipts 200; market steady. Top sheep 12.50; lambs 17.50. Calves, receipts 100; higher. Top at 16.25.

Toledo Hay and Grain.
(Associated Press Telegram)
Toledo, Sept. 20.—Closing: Wheat, Sept. 20, 1.20 1/2. Corn, cash 2.14; Dec. 1.20 1/2. Oats, cash 62 1/2; Dec. 62 1/2; Mar. 61 1/2. Rye, No. 2, cash 1.81 1/2. Cloverseed, prime cash 12.50; Oct. 12.50; Dec. 13.00; Jan. 13.50; March 13.50. Hay, No. 1, cash 1.81 1/2. Alfalfa, prime cash 12.50; Sept. 12.50; Oct. 12.50. Cattle, prime cash, old 3.55; new, 3.65; Sept. 3.65; Oct. 3.70.

Chicago Grain and Provisions.
(Associated Press Telegram)
Chicago, Sept. 20.—Closing: Corn, Dec. 1.19; Jan. 1.16. Cash Dec. 1.19; Jan. 1.16. Pork, Oct. 43.15; Jan. 43.75. Lard, Oct. 23.80; Jan. 22.87. Ribs, Oct. 24.80; Jan. 22.57.

Wall Street.
(Associated Press Telegram)
New York, Sept. 20.—The demand for stocks was less vigorous at the opening today but fractionally higher prices were quoted in most instances. The market was held by the price of copper which was made known during the day resulted in curtailment of operations pending the announcement. The closing was strong. Liberty bonds sold at 99 1/2 to 100.

After some inland prices advanced today. More hopeful views regarding governmental price fixing and the wage increase by the U. S. Steel corporation helped the movement. Total sales approximated 800,000 shares.

Chicago Live Stock.
(Associated Press Telegram)
Chicago, Sept. 20.—Hogs, receipts 9,000; slow. Bulk 17.00@17.25; light at 17.15-18.30; mixed 17.50-18.50; heavy 17.15-18.30; roughs 17.15@17.35; pigs 12.50@15.00. Cattle, receipts 8000; weak. Native beef, 15.00@16.00; western steers 6.70@15.75; stockers and feeders 6.40@11.15; cows and heifers 5.15@12.90; calves 12.50@15.00. Sheep, receipts 18,000; weak. Wethers 9.00@12.00; lambs 10.00@18.25.

STARVATION FACES POLISH PEOPLE
(Associated Press Telegram)
Washington, Sept. 20.—Starvation and rioting in Warsaw and other sections of Poland occupied by the Germans have so increased that the Polish government has authorized relief workers many have authorized relief workers at Geneva and agents of the Rockefeller fund have been called upon for help.
This information reached here today from a man in Switzerland who has been attending to the work of distributing relief in Poland and who was allowed to leave the country by the Germans on condition that he raise more money.
The general condition of Poland, the message said, is deplorable.

REDUCE SUGAR COST TO 7 1-4 CENTS LB.
(Associated Press Telegram)
Washington, Sept. 20.—Reduction of sugar prices about 1 cent per pound apparently was assured today when beet sugar producers agreed with the food administration to sell to wholesalers at seaboard retailing prices for 7 1-4 cents a pound maximum, instead of the prevailing price of 8 1-4 cents. Retail prices ordinarily would be from half to three-quarter cents higher.

Passing of the Spare Room.
Of course there still are guest rooms. People in the country have them, and rich people have them in the city. There are guest rooms ordinary and guest rooms extraordinary—most of the corners in which to tuck away a transient friend or relative and improve a suit for the entertainment of a royal family. There are guest rooms with secluded marble temples of Ulyssea attached and guest rooms with movable showboats. But I contend that the spare room as an institution is passing from our national life. As a nation of a hundred millions we don't have spare rooms.—Atlantic.

Ancient Proofreading.
The editions of books printed 200 or 300 years ago are almost entirely free from typographical errors, which may be attributed to the fact that early publishers were generally eminent scholars and themselves gave much attention to the revision of their proofs. After reading the proofs they frequently turned them over to other scholars with the request to revise and correct, and as the printer's time was then deemed a matter of small consequence a perfection was attained which is seldom equaled by modern printers.—Exchange.

Team horses, wagon and harness. Inquire 112 N. Cedar st. or

STYLE CHAT.

Long Lines Are Favoring the Stout Woman Just Now.

A majority of the suit coats among the best domestic models are moderately long and not so remarkably different from the late winter models of last season. The straighter lines were then already making themselves felt, and the full flare of coat skirt sides with which the season had started was diminishing.

It has quite disappeared now, and these coats are very straight of line even when they hold considerable fullness, but the snug shoulders, the large waist, the flat back and many of the details of cut and finish in a majority of the models are decidedly reminiscent. The short coats which are exploited by some of the Paris houses have a newer air, but there is much to recommend the more conservative lines, and the radical change in skirt stamps the new suit as of this year's make even where the coat is not strikingly new in line.

The narrow skirt is bound to be caricatured. Already the caricatures are appearing. But such is the fate of all modes, however attractive. And the narrow skirt in its rational form is meeting with very general acclaim. Women like the straight silhouette, and when conservatively developed it is almost universally becoming.

Some of the new frocks are quite ideal for the stout figure. Indeed, the woman of superfluous avoirdupois has not in many a day been treated so well by the designers as she is this season. The straight line coat, large waist, close hip, moderate length and fullness, skirt with width enough for comfort, yet with straight lines—all these are first aid to the fat.

Doubtless with the fatal instinct for wrong selection that seems to characterize a goodly percentage of the women of billowing curves many a stout woman will choose an excessively narrow skirt and a short coat or a frock so narrow throughout its length that it accents all the billows, but the tragedy will not be the fault of the designers. They have made ample provision for better things.

The draperies of the new frock skirts are very charming. At least the successful examples are charming. Many of them follow more or less closely the lines of last spring, showing the familiar side drapery, widening the silhouette a little somewhere between hip and knee and narrowing in sharply toward the foot.

COZY DESIGN.

Topcoat For Real Service and Real Mode.

Khaki colored velours gives us this good style for maidens. The loose

YOUTHFUL MODEL.

Does are belted at the normal line, and flat buttons add trimming. What gives the smart effect, however, is the cozy tippet of red fox fur.

HORSERADISH SAUCE.

To make this make the usual thin white sauce. When it has been cooked for five minutes add grated horseradish in vinegar in the proportion of one tablespoonful of the horseradish and vinegar to one cupful of the white sauce. This is also excellent on boiled beef. It is very good with plain boiled potatoes when served with any sort of boiled meat.

QUINCE NOBLE.

Pare quinces and drop in cold water. Put the skins in a saucepan, cover with boiling water and cook rapidly for thirty minutes. Drain, grate the quinces and add to the liquid. Weigh the juice and pulp and allow an equal quantity of sugar. Boil mixture rapidly for twenty minutes and turn into glasses. Seal with paraffin when cool.

Even the close-fisted woman, who never gives anything away, might think a secret not worth keeping.

OUR ANNUAL ANNIVERSARY SALE

OF BRAND NEW FALL & WINTER MERCHANDISE

---STARTS FRIDAY MORNING---

You Will Find It a Pleasure As Well As Profitable To Buy At These Sale Prices

Another year has rolled around, your business during the past year we appreciate, so much so we feel like we must do something more than the ordinary.

2 DOORS WEST OF SQUARE

DEMAND FOR WHEAT

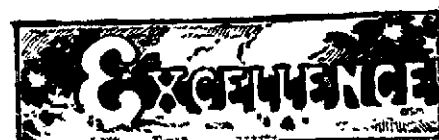

NEXT YEAR IS HEAVY

In Department of Agriculture Circular 75, which recommends the sowing of 47,537,000 acres to winter wheat and 5,131,000 acres to rye this fall, is given the following statement regarding the estimated requirements of the United States and the allied and neutral countries of Europe for 1917-18:

To supply the estimated needs of the United States, of the allies, and in part of the neutral countries of Europe next year, it would be necessary to plant in the United States for 1918 about 48.7 million acres of spring wheat, 19 million acres of winter wheat, 5.6 million acres of rye, 7.9 million acres of barley, 15.2 million acres of oats and 111.5 million acres of corn. Compared with the 10-year average, the proposed acreages represent increases of 43 per cent for winter wheat, 5 per cent for spring wheat, 29 per cent for rye, 22 per cent for oats, and 7 per cent for corn, or a total increase of 22 per cent over the 10-year average of these cereals combined.

Compared with 1917, these acre-

ages represent increases of 22 per cent for winter wheat, 15 per cent for all wheat, 51 per cent for rye, and 5 per cent for oats, and decreases of 6 per cent for barley and of 8 per cent for corn, or a net increase of 4.5 per cent over the total 1917 acreage of these cereals combined. With the food requirements of the United States and the allied and neutral countries of Europe for next year in mind, the question of the acreage which it is advisable and practicable to plant demands serious thought.

At all times we strive to excel. Our equipment is above reproach and we are trained in the latest methods of our profession. We are experienced and tactful.

COMFORT BAGS MUST BE OF KHAKI; BOCHES SPOT BRIGHT COLORS

Washington, September 17.—Half
a million practical circulars on the
making of comfort kits and bags
were issued today by the American
Red Cross. The circulars can be ob-
tained on application at any Red
Cross Chapter. A million comfort
kits are to be made at once for the
men of our Army and Navy. A mil-
lion more will be made for the Rus-
sian Revolutionary Army, as a pledge
of cheer to the Allied Armies on the
eastern front. The Red Cross is to
be under no expense for these kits,
all being provided as gifts from the
women who wish to make them.

Miss Florence Marshall, director
of the Woman's Bureau, announced
that the circular embodied the sug-
gestion of the War Department, of
General Pershing and of Major Gray-
son M. P. Murphy as to what the men
wanted. Three types of kits are sug-
gested, a simple bag with draw
string, and two with pockets, one for
the trenches and one suitable for hos-
pital use. Anything similar will be
gladly welcomed. The kits are to be
made of plain khaki. Colored cret-
tonne has not been advised because it
is dangerously visible when carried
by troops at the front.

The circular is illustrated with dia-
grams of each type of bag. It lists
the personal equipment given to
each enlisted man by the War De-
partment in order that women may
not duplicate these articles in filling
the comfort kits. But it also notes
that the regular outfit of any soldier
is liable to be lost or destroyed and
that additional supplies even of his
necessities may be welcome to him at
the front.

The Red Cross Commissioner in
France has advised about comfort
kits as follows:

"They should contain pipe and to-
bacco pouch, heavy socks, handker-
chiefs, wash cloths and soap, mouth-
organ or game, pencil, writing paper
or pad, and envelopes, and if not too
expensive, single-bladed knife and
spoon."

"They should be made of stout ma-
terial so that they can be used in all
sorts of practical ways."

"They should have, if possible, an
American flag sewed on the outside."

Materials for making the kits can
be procured by the Chapters from the
Red Cross Division Supply Serv-
ice. Individuals may purchase their
materials from the Chapters or from
local retail stores. Certain articles,
like the combination knives and
spoons, may be had from the Division
Supply Service.

The suggestion for hospital kits
describes the making of a souvenir
pocket, where the invalid soldier
may store his little collection of
treasures which more often than not
includes a scrap of shell or the bul-
let that brought him to the hospital.
No playing cards are to be included
in the kits that go to Russia, and no
mouth-organs or knives and scissors
for the hospital kits.

A list of additional articles is sug-
gested that may be added if individ-
uals desire to have their bags particu-
larly full of plums for the man
"out there."

Blotting paper, chewing gum,
chocolate (if wrapped in tin foil),
corn-plasters, collapsible cups, com-
pressed tea-tablets, compressed malted
milk-tablets, scrapbook containing
good stories or jokes, gaiter-laces
khaki color, garters, knife, two blad-
ed, such as boy scouts use, marbles,
nail brush, nail file, pinball with
pins, puzzles, scissors, folding in-
struments, water-tight match box, post-
cards, shoe laces, black for the navy,
khaki-colored for the army, slippers,
especially for hospital kit, talcum
powder, tape, white, black or khaki-
colored, toilet paper.

Completed articles should be sent,
if possible, to the nearest Red Cross
Chapter, when this cannot be done,
they should be sent directly to the
Red Cross Division Supply Service
in the nearest of the following cities:
Boston, New York, Philadelphia,
Washington, Atlanta, New Orleans,
St. Louis, Cleveland, Chicago, Min-
neapolis, Denver, San Francisco,
Seattle.

Too Good to Waste.
"Then this," asked rejected James.
"Is absolutely final?"
"Quite," was Dorothy's calm re-
ply. "Shall I return your letters,
James?"
"Yes, please," answered poor
James. "There's some good material
in them that I can use again."
Awgwan.

Ga. Major Derby left a lucrative
medical practice in the east to "do
his bit" for Uncle Sam.

FATTEN EARLY PIGS AND FATTEN PURSE IS HINT TO FARMERS

Pigs which were farrowed early
and are about six months old at this
time may profitably be finished now
and rushed off to market, says the
United States Department of Agricul-
ture. The early fall market has been
the highest market for a number of
years, because the number of well-
finished hogs arriving at this season
is limited.

Pigs may be fattened quickly and
cheaply on nutritious pasture when
supplemented by a full grain ration.
After deducting the pork which
would have been produced by the
same amount of grain fed in dry lot,
every one of these pastures produces
from three to six hundred pounds of
pork. The full fattening power of
the grain is realized as well as a
profit on the pasture consumed.

In the corn belt and Eastern
States alfalfa, clover and rape give
best results. Pigs should be contin-
ued on these feeds until fat, usually
for a period of six weeks at least. Al-
falfa and clover may be pastured as
long as forage is required, and they
will produce the largest gains due to
pasture. An acre of alfalfa furnishes
pasture for fourteen to sixteen 150-
pound hogs during this short fatten-
ing season, while clover will carry
from three to four hogs less per
acre. Rape is an excellent forage,
and although it does not produce as
much pork per acre as the two
legumes previously mentioned, it re-
turns very good profits for the trou-
ble and expense of planting the crop.
It affords pasture for a period of
four to six weeks for ten to twelve
150-pound hogs per acre.

If the pigs are hand fed it will pay
to go slow the first week and grad-
ually get them on full feed. After
they are accustomed to the method
of feeding, they may be pushed along
as rapidly as possible without dan-
ger from loss of appetite. Even
on leguminous pasture some protein
supplement, such as tankage, should
be fed with the grain in the propor-
tion of one part of tankage to ten or
fifteen parts of grain. A daily ra-
tion equal to 4 per cent or 4.5 per
cent of the live weight is the maxi-
mum amount of grain that a pig will
consume.

The self-feeding method is a very
efficient system of feeding during
this period, and produces results
equal to, or better than, those ob-
tained by hand feeding. Grain is con-
sumed more rapidly and economi-
cally, causing the pig to attain a mark-
etable weight.

HALE HEADS CITY COMMITTEE FOR FALL CAMPAIGN

A meeting of the Democratic city
executive committee was held last
evening with the municipal candi-
dates of that party in the Democra-
tic headquarters in South Third
street. All members of the commit-
tee were present as were all the can-
didates and the committee organi-
zed by selecting Harry D. Hale as
chairman, William Wulfoop as
secretary and J. E. Wilson treasurer.

Campaign headquarters will be
opened in the very near future and
it is the intention of the committee
to conduct an aggressive campaign.
Public meetings will be held previous
to the election, announcements of
which will be made through the local
papers.

The candidates are all enthusiastic
and in short talks last evening pro-
mised to leave no stone unturned for
the success of the ticket. All were
of the same opinion, that the tax-
payers desired a change of policy in
conducting the affairs of the city,
and that such desire would result in
the triumphant election of the Dem-
ocratic ticket.

KIRKERSVILLE WANTS STATE AID FOR ROADS

Columbus, O., Sept. 20.—To seek
state aid in making an \$8000 im-
provement on the section of the Na-
tional pike running through their
village, citizens of Kirkersville, 22
miles southeast of Columbus, prob-
ably headed by Fred Moore, will have
a delegation at the state highway
department tomorrow.
Hebron and Reynoldsburg may
follow the example of Kirkersville
and do their bit in making a perfect
highway between Columbus and
Zanesville.

Dandruffy Heads Become Hairless

If you want plenty of thick, beautiful,
glossy, silky hair, do by all means get
rid of dandruff, for it will starve your
hair and ruin it if you don't.
It doesn't do much good to try to
brush or wash it out. The only sure
way to get rid of dandruff is to dissolve
it, then you destroy it entirely. To do
this, get about four ounces of ordinary
liquid arvon; apply it at night when re-
qu岸ing; use enough to moisten the scalp
and rub it in gently with the finger tips.
By morning, most if not all, of your
dandruff will be gone, and three or four
more applications will completely dis-
solve and entirely destroy every single
scalp and trace of it.
You will find, too, that all itching and
digging of the scalp will stop, and your
hair will look and feel a hundred times
better. You can get liquid arvon at any
drug store. It is inexpensive and four
ounces is all you will need, no matter
how much dandruff you have. This
simple remedy never fails.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances

A Free Prescription You Can Have
Filled and Use at Home
Philadelphia, Pa. Do you wear glasses?
Are you a victim of eye strain or other
eye weaknesses? If so, you will be glad
to know that according to Dr. Lewis
there is real hope for you. Many whose
eyes were failing say they have had their
vision restored through the principle of
this wonderful free prescription. One
man says, after trying it: "I was almost
blind; could not see to read at all. Now
I can read everything without any glasses
and my eyes do not water any more. At
night they would pain dreadfully; now
they feel fine all the time. It was like
miracle to me." A lady who used it
says: "The atmosphere seemed hazy with
or without glasses, but after using this
prescription for fifteen days everything
seems clear. I can even read fine print
without glasses." It is believed that
thousands who wear glasses can now dis-
card them in a reasonable time and mul-
titudes more will be able to strengthen
their eyes so as to be spared the trouble

Abie Martin

Some fellows stick around just as
long without a chair as if you'd of-
fered 'em one. Some women are re-
served after forty an' others wear
chin straps.

THE ESTATE HOT STORM

"The Stove With a Little
Furnace In It"

Two heating systems in one, not a stove,
not a furnace, but a combination of both
will give more heat at an equal tempera-
ture than any heater on market. Soon
pays for itself by saving in fuel.

**GUARANTEED TO KEEP
FIRE FIFTY HOURS ON
ONE CHARGE OF FUEL**

The Original Triple Effect

"King of All Gas Heaters"
**MORE HEAT LESS GAS
NO MOISTURE**

A Gas Heater that heats the home at
smallest possible cost, equal to a furnace,
which is explained by its warm air cir-
culation.

BOOKS FOR TROOPS ARE BADLY NEEDED

Governors Are Invited to Assist Library War Council.

TRAINED MEN DIRECT WORK

Plans Are Under Way to Provide Sufficient Reading Matter of the Proper Kind For Each of the Thirty-two Cantonnments — Prominent Bankers Lend Support to Nation Wide Plan.

Governors of the various states have been invited to assist the Library War Council, appointed by the secretary of war, to establish libraries for our soldiers in the field and our sailors on shipboard. Telegrams and letters received at the headquarters of the Library War Council in Washington show that Secretary Baker's action in appointing a national body to provide libraries for our troops has met with popular approval throughout the country.

The fact that the work is being done under the expert direction of the War Service Committee of the American Library Association has brought into service the assistance of trained librarians in all parts of the United States, who are acting as sponsors and collectors for the movement in their respective localities.

The council comprises Frank A. Vanderlip, chairman, president of the National City bank, New York city; Asa G. Candler, banker, Atlanta, Ga.; P. P. Claxton, United States commissioner of education; J. Randolph Coolidge, architect, Boston; Mrs. Josiah E. Cowles, president general Federation of Women's clubs, Los Angeles, Cal.; John H. Finley, New York state commissioner of education; James A. Flaherty, supreme knight, Knights of Columbus; E. T. Stotesbury of J. P. Morgan & Co., New York city; Colonel Theodore N. Vail, president American Telephone and Telegraph company, New York, and Harry A. Wheeler, vice president Union Trust company, Chicago.

Librarians on the Committee. A campaign for the raising of the necessary funds is in charge of Harold Braddock of Montclair, N. J., with offices in Washington. The war service committee is headed by J. I. Wyer, Jr., of the New York State library. The other members are Edwin H. Anderson, New York Public library; Arthur E. Bostwick, St. Louis Public library; Gratia Countryman, Minneapolis Public library; Electra C. Doren, Dayton (O.) Public library; Matthew S. Dudgeon, Wisconsin Free library commission, and Frank P. Hill, Brooklyn Public library.

Already several governors have appointed state library war councils, and cities are organizing local councils to carry on the work.

The appeal is for \$1,000,000 for the purchase of regularly constituted libraries of 10,000 volumes each, one for each of the thirty-two cantonnments. These libraries, the experts say, will be equal if not superior to the average library in cities of from 18,000 to 25,000 population. The same system of selection and circulation which governs city libraries will prevail in the camps.

A \$1 contribution, library experts say, will place a book in the camps and will keep it in good condition and circulation for three years. The responses from officers and soldiers and sailors themselves reveal that they are eager for the plan to be put into effect as soon as possible. "Give us libraries," is their appeal. Authors are giving their royalties, and the publishers are giving a liberal discount on volumes purchased.

The appeal is not only for \$1 popular subscriptions, but for corporate subscriptions, large individual contributions and bequests of money by library boards.

The Y. M. C. A. and the Knights of Columbus are working closely with the war service committee of the American Library Association in making the appeal.

TO GIVE PRIZES FOR ESSAYS.

"Why America Entered the War" Subject For School Children.

The national war aid announced from its headquarters a prize essay contest for children between the ages of eight and eighteen on the topic "Why America Entered the War." The prizes include a fifty dollar liberty loan bond and gold coins of \$25, \$15 and \$10, respectively.

The only restriction is that the contestant must be a relative not further removed than third cousin of some man serving his country in the war. The writing of one "cheerful" letter a month to a service relative is one of the requirements.

Carly's Is Some Bunny's Foot!

A rabbit's foot will remain the prized possession of William Brown, negro workman, for life, he said, after a heavy autotruck, which he was backing down a skidway into an excavation for a new building in Ardmore, Pa., turned over and fell into the hole, Brown beneath it. The reason he will always keep the rabbit's foot is that he had it with him at the time of the accident and because the doctors at the Bryn Mawr hospital, whither he was taken by folks who thought him dead, declared that he was still as sound as a dollar and sent him back to work.

Charity may cover a multitude of sins, but some of them should be left uncovered.

ELECTRICAL MEN CONDEMN I. W. W. AS TRAITORS TO U. S.

Warner J. Devoe, delegate from the Newark local 172, to the International Association of Electrical Workers convention which is being held at Atlantic City participated in the deliberations preceding the resolutions introduced yesterday on the steel pier which denounced vigorously the Industrial Workers of the World, declaring that their aims and those of the Federation of Labor were diametrically opposed, accused them of hampering the government by fomenting strikes for other ends than those of improving the conditions and wages of labor, and called on all the members to work in unison to aid in bringing the war to a victorious conclusion.

The resolutions characterized the I. W. W. as masquerading under the name of labor to treacherously aid and comfort the enemies of the nation, and spoke of them as "spurious groups," whose activities reflect on the aims of legitimate labor unions. In conclusion the convention with applause, called upon all union members to aid in making the world safe for small nations and for democracy.

REYNOLDSBURG MAN SUES FOR LOSS OF WIFE'S LOVE

Columbus, O., Sept. 20.—Suit for \$10,000, alleging alienation of his wife's affections, was brought yesterday in county courts by Lawrence F. Kallies against Ray C. French. Both men are farmers living in the vicinity of Reynoldsburg.

According to the petition, French started to pay attention to Kallies' wife, Hattie Mande, in August. Kallies alleges that French enticed his wife to take long auto rides at night while he was absent. They were married in 1906.

A Mean Man.
The telephone bell rang with anxious persistence. The doctor answered the call.
"Yes?" he said.
"Oh, doctor," said a worried voice, "something seems to have happened to my wife. Her mouth seems set, and she can't say a word."
"Why, she may have lockjaw," said the medical man.
"Do you think so? Well, if you are up this way some time next week I wish you would stop in and see what you can do for her."—Harper's

DR. ROLLER LOSES TO DEMETRAL IN COLUMBUS BOUT

Columbus, O., Sept. 20.—William Demetral, as usual, won two falls out of three at the Chamber of Commerce last night. He met Dr. Roller of Seattle. The first fall went to Roller and the final two to the Chicago Greek.

Roller secured the first fall after one hour and 53 seconds, it being obtained with a toe-hold. The second fall went to Demetral in seven minutes and four seconds, and was secured with a flying head-lock. The third fall went to the Greek in nine minutes and 34 seconds through a toe-hold.

It was a good exhibition in spots, although Roller was much heavier than the Chicago grappler. Demetral, as usual, resorted to the toe-hold on every opportunity and, although the doctor "rassled" in his bare feet he finally fell for the clamp on his toes.

Some spectacular work was displayed during the exhibition. In one instance Roller caught Demetral under the shoulders and swung him, suspended in the air, around and around, about five times. At another time Demetral secured a flying mare hold on Roller, in which he hurled him over his head and slammed him into the mat. It was in this way that he secured the second fall.

ALL WORN OUT

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Newark people endorse Doan's Kidney Pills. You can rely on their statements.

Mrs. J. W. Thompson, 87 South Second street, Newark, says: "I was so bad with kidney trouble that I had to get up out of bed and walk the floor, my back pained me so badly. In this way I lost my sleep and the next morning I felt worn out, I suffered terribly. The joints of my fingers were stiff and twisted out of shape. My kidneys were in a weak and disordered condition, too, and caused me a lot of distress. I felt tired and aching all over until I got Doan's Kidney Pills from R. W. Smith's drug store. This medicine fixed me up in good shape and of late I have been free from kidney trouble."

60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

The South produces 1,450,000,000 pounds of cottonseed oil, 50,000,000 pounds of peanut oil, 10,000,000 pounds of creamery butter and 1,000,000 pounds of margarine.

Some of the California Indians store their corn supply in willow baskets, which are as large as the rooms of a modern-sized house.

UTICA MINISTER SPEAKS AT LIBERTY CONVENTION

The Sunday school convention of Liberty township was held at the Harmony church, Sunday. Just an afternoon session was held and the following program was rendered:

The program included appointment of nominating committee; an address by Rev. Percy Wilson of Utica, and a report of boys' and girls' congress at Marion, by John Reed, Utica.

The following officers were elected: President—Willis Adams. Vice President—M. L. Longwell. Secretary and Treasurer—Mrs. Noah Overturn. Secondary Superintendent—Homer Rice. Elementary Superintendent—Miss Elsie Foster.

Teacher Training Superintendent—Mrs. Blanche Butt. Adult Organized Bible Class Superintendent—C. D. Adams.

Home Dept. Superintendent—Mrs. Martha Pickering. Temperance and Missions Superintendent—Mrs. Flora Disbennet.

Jersey township convention will be held Sunday afternoon, Sept. 23rd, at Universalist church at Jersey. St. Albans township convention on Sunday evening, Sept. 23rd at Baptist church, Alexandria. Just one session at each township.

EQUIP AMBULANCE MEN WITH KNITTED OUTFITS FOR FRANCE

Washington, D. C., Sept. 20.—Clad in new uniforms, and equipped with sweaters and helmets furnished by the Navy League committee, one thousand men from the Allentown ambulance camp have sailed for service at the front in France.

With their gray knitted helmets snugly fitting over their heads and around their necks the thousand bright fellows who have gone to alleviate suffering in the trenches looked like so many "water aviators" as they hung over the deck rails of the trans-Atlantic steamer which was to carry them into service abroad.

The committee of the Navy League, knowing that these men would be exposed night and day to the hardships of a bleak, cold winter of northern France, made three shipments of warm woolen garments to the commander of the Allentown camp.

Sweaters, helmets, mufflers, and wristlets, made by the loving hands of mothers, sisters and sweethearts left behind, were included for the boys who volunteered to labor for the suffering.

It is estimated by the National Automobile Chamber of Commerce that 1,500,000 automobiles were manufactured in 1916, valued at \$310,000,000.

PAN HANDLE TEAM WANTS GAME HERE WITH FITZSIMMONS

The Fitzsimmons fast ball team held its first practice session on Monday evening when about twenty-five candidates reported for practice. Eight of last year's regulars are out for their old positions, but they will be obliged to step some, judging from the material at hand.

The Fitz team this year expects to take on much heavier teams, and as this will be Newark's representative team the public should show its appreciation by its attendance. The majority of games are booked for out of town.

Games have already been assured with Bellaire, Columbus, Mt. Vernon, Marion, Lancaster and Zanesville. Manager Conlon, this morning, received a letter from the management of the famous Panhandlers of Columbus, asking for a game in this city some time next month. In all probability this game will be staged here.

The fast ball season will open in reality on Sunday, September 30, at Whorle Park, where the Fitz team meets Windy Hill's crack East End aggregation.

"I FEEL GREAT!" SAYS NEWARK MAN

Trunnell Expresses Regret That He Did Not Know of Tanlac Long Ago.

The record Tanlac is making in Newark is most sensational. Both men and women clamor for an opportunity to extend the usefulness of the Master Medicine. Homer Trunnell, living at 109 Jackson street, is one of them. He continues as follows:

"I was in a rundown condition for a long time. I didn't sleep good and hadn't any appetite. The least little exertion tired me out. I had dull headache, my back hurt me, and I was awfully nervous, too. I lost interest in everything and could not see the bright side of life."

"Tanalac helped me wonderfully. I'm like being made over. I had my little back in a few days and am making up for lost time. I can say that Tanlac helped my back right away. I never lose an hour's sleep any night and wake so full of vim my work's like play now. Had I only known of Tanlac long ago."

Tanalac, the new vegetable tonic, stomachic, appetizer, combatant and invigorant, is being specially introduced at Erman's Arcade drug store. Tanlac may also be procured at the Evans pharmacy, Warden Hotel block, east side square, Newark, and the Hebron drug store, Hebron, Ohio.
